

TREASURY NOTES of the CONFEDERATE STATES OF AMERICA

CONSTITUTE A HIGHLY INTERESTING AND EXCITING SERIES!

WE SOLICIT correspondence from serious collectors. Want Lists and Approval Applicants are welcomed. Indicate your wants by *Criswell* numbers, and give us a Bank or similar reference (if you are not known to us), and we will gladly send you a selection of notes on approval. Indicate the condition range wanted, and give us a general idea of the number of notes that you might wish to see at one time.

THE ILLUSTRATED NOTE is a unique and unpublished *mock-up* Essay \$20, for the famous September 2nd, 1861 issue, proposed by James T. Paterson & Co. It is only one of the fascinating rarities from our comprehensive stock.

INTEREST IN CSA paper money has almost died within recent years, due to the speculative overpricing of 1957-58. *Our prices bear little resemblance to those listed or published by others, and, in our opinion, are highly realistic.*

OUR INTENTION is to offer and sell nice notes, in an effort to redevelop the interest of sincere collectors and students. For varieties, undiscovered rarities and "sleepers," this series has no equal. The historical background of the Printing firms alone is fantastic. CSA Treasury Notes are fun to collect, a challenge to study, easy to mount and display, and highly educational. Prices start at 75¢.

AMERICAN NUMISMATIC ASSOCIATION

The American Numismatic Association is the largest and most active numismatic body in the world. It invites and welcomes to membership all worthy persons seventeen years of age or over, who have a sincere interest in numismatics, whether they collect coins, paper money, tokens or medals, whether advanced collectors or only those generally interested in the subject without being collectors. The Association was founded in 1891, and has about 28,000 readers from every state in the Union and many foreign countries. It was chartered for fifty years by Act of Congress May 9, 1912; renewed in perpetuity by Act of Congress April 10, 1962 and is a mutual organization for the benefit of its members.

All Association members, except Associate, receive the official publication, *The Numismatist*, without cost other than their annual dues. Membership applications should be accompanied by \$5.00 for the first year's dues and \$2.00 admittance fee. Annual dues are \$5.00. Nonmember subscription, \$6.00. Single copy, fifty cents. For application blanks, subscriptions or general information, write to the General Secretary.

The Numismatist is an illustrated monthly which has been issued continuously since its founding in 1888, consists of 144 pages or more in each number with subscribers in about sixty countries. Advertising inquiries should be sent to the Advertising Manager. All other matters for possible publication in or concerning *The Numismatist* are to be forwarded to the Editor. Unsolicited manuscripts, which are sent at the owner's risk, and other correspondence calling for a reply must be accompanied by stamped, self-addressed envelopes. Opinions expressed in articles published in *The Numismatist* are those of the authors and do not necessarily represent the views of the American Numismatic Association or the Editor.

PROCEEDINGS — 71ST ANNUAL CONVENTION OF THE AMERICAN NUMISMATIC ASSOCIATION

The following annual reports of officers, in printed form, were made available at the business meeting at 10 a.m. on August 16. It was moved and carried that these reports be accepted with thanks to the officers who prepared them.

REPORT OF THE PRESIDENT

1962

In spite of the economic conditions in other lines of business, the Association has made splendid progress this year. During the year we had a net gain of 1910 new members (approximately 8½%) with an increase of 144 new member clubs. This represents 20% increase in new club affiliations.

Our net profits were nearly \$15,000.00.

Lewis M. Reagan — This year we will miss a familiar face. It was our misfortune to lose Lewis M. Reagan, our General Secretary for the last 17 years. With his passing we lost one of our most ardent workers and a friend to all collectors. We are indeed grateful for his skillful, unselfish labors in our behalf and will miss his expert advice and counsel.

At the emergency meeting of the Board of Governors, held March 2nd and 3rd in Chicago, Mr. Don Sherer of Phoenix, Arizona, was appointed to fill the unexpired term of General Secretary. All records have now been moved to Phoenix and we are happy to report the office is running smoothly.

We also lost John J. Jones, Charter Member No. 6, a member for seventy years, and Julius Guttag, the "father" of National Coin Week.

Lewis M. Reagan Memorial Fund — At this time it is appropriate that we remind you of the *Lewis M. Reagan Memorial Foundation*. Many of the prominent numismatists are giving of their time and talents for this cause. What would be more fitting than that each member show his appreciation for Mr. Reagan's efforts by making a contribution to help perpetuate the ideals he fostered?

A.N.A. Charter — We know that you will agree that our Editor, Mr. Elston G. Bradfield wrote a masterful presentation covering the "Renewal of the A.N.A. Charter" as published in the July 1962, *Numismatist*. However, he could not describe the anxious moments some of us spent from the time the Senate passed the bill on March 29th until President Kennedy signed the renewal April 10th.

We now have perpetual succession, a prestige enjoyed by only a few large non-profit organizations.

Our incorporation under the laws of the District of Columbia, granted last year, was never consummated. It was obtained as a safeguard which fortunately, we did not need.

By-Laws — With the signing of the new Charter, the Board of Governors felt that now was the time to bring our By-laws up to date and in conformity with our new Charter.

A Committee composed of Mr. John Pittman and Mr. Ellis Edlowitz has worked long on the proposed changes in an effort to correct some items which were deemed illegal under our Charter. The proposed changes will be presented at this convention. Some recommendations of former administrations are incorporated.

Building Fund — We regret to report that this fund has made little progress this fiscal year. No drive was planned, and when our drive will start depends on successful completion of other drives. We feel that when we once commit ourselves to a Building Fund Drive, it must be an all out effort and to be successful must have the support of all members.

Legal Committee — Dr. Judd, due to stress of other work, resigned as Chairman of this Committee. Mr. John Pittman, Board of Governors was appointed to replace him. Not much could be accomplished by this committee until a new Director of the Mint was appointed. Dr. Leland Howard has been assigned new duties which means that all new contacts must be made.

These contacts have been made with some promise of success. We have made little progress on gold back notes and off metal coins. Gold bars before 1900 and patterns seem to be ready for approval. It may not be necessary to pass a new law to accomplish what we want. We must caution our members again that all gold coins dated after 1933 are subject to seizure and they can be fined for having them in their possession.

Publications — A library Catalogue is now in preparation, advance payment made for part of the cost, and it should be mailed soon.

The "Introduction to Coin Collecting," an attempt to assist beginning collectors, is now appearing in the *Numismatist* and will be reprinted as soon as the complete list of articles is published.

Archives — We have initiated a move whereby we will attempt to assemble as many of the old records and historical documents pertaining to the Association as we are able to locate. Mr. and Mrs. John H. Morris, Homewood, Alabama, have kindly volunteered to undertake this task. We ask that if you have any old records you are willing to part with, please contact them.

Complaints — This is an old subject, but as our membership increases, so do the number of complaints. As the number of coin magazines and newspapers increase, so likewise the number of advertisers. We realize that these are difficult to screen but we sincerely hope that some effort will be made to do so. We will restate the position of the A.N.A. in this matter. We will not grade coins sent to us and we are not a collecting agency. Our By-laws outline a member's rights in case of fraud by another member and we can only follow the procedure set forth.

Resignations — During this fiscal year there were 2000 drop-outs, deaths and resignations. Therefore, 3910 new applications resulted in a gain of only 1910 new members.

In our talks with Mr. Reagan in former years, we were led to believe that a 12½% turnover per year had been normal for years.

We believe that as our membership grows that this figure should decrease and we would welcome suggestions as to how this trend can be overcome.

Local Clubs — We would suggest that an attempt be made to strengthen our position in all local clubs. Our Second Vice-President, Mr. Herbert Bergen, is heading up this drive, but will need the help of every A.N.A. member of each club.

We would recommend that the age limit for members be changed to a minimum of 21 years of age and that the A.N.A. actively support a National Junior Coin Collector's organization.

Finally, I wish to express my appreciation for the co-operation I have received from all the elected and appointed members of the Official Family with a special thanks to Don Sherer for the efficient manner in which he has taken over the General Secretary's duties. These people have indeed made it a pleasure to serve you.

Respectfully submitted,

C. C. SHROYER,
President

REPORT OF THE GENERAL SECRETARY

The past year has brought some major changes. The A.N.A. is an organization that values tradition. It does not take change lightly. When we lose a man like Mr. Reagan who had been active for many years, we do not recover immediately from the loss. I can never fill his shoes, but I will do my very best to grow into a pair like them.

The move to Phoenix had to be contemplated just when the Association affairs were at their peak load, with all of the dues statements in the mill and correspondence very heavy. We waited until the mail was reduced to normal, and made the move as smoothly as we could. There were a few delays in getting things done for individual members, and I would like to again express my thanks for the understanding and consideration I received from everyone who found himself inconvenienced at that time.

We were fortunate in finding a separate building in Phoenix that gives us ample room at a moderate rental. Right now, in addition to the equipment needed to run the office, we have a large amount of the archives of the Association, old records and pictures. We will turn these over to Mr. and Mrs. Morris in the near future. If you have anything in your possession that you think should be in the permanent records of the Association, be sure to let us know.

The figures and statistics that can be reported from the General Secretary's Office are almost all reflected in the Auditor's Report, the statement of the income and the expenses for the year.

It is of special interest to show the continued growth of the Association, and to mention some of the effects this growth is having on our plans for the future.

In the past five years the membership has increased 66%:

1957-58.....	15,032 members
1958-59.....	16,677 members
1959-60.....	19,677 members
1960-61.....	22,374 members
1961-62.....	24,284 members

Twenty-four thousand members, plus the great American Custom of moving around the country (we have 12,000 name or address changes per year!) gives us 36,000 opportunities to make clerical errors each year. As you can see, the job of keeping responsible track of our members, and of fulfilling our obligations to them, is getting too big for the systems we have been using for the last twenty years.

When we go to more mechanical systems in the near future on our record keeping, we will have more time for personal contact with the individual A.N.A. members.

Let us know what we can do for you, and if you are in Phoenix, come in for a visit. The new address is 3520 N. 7th Street, Phoenix, Arizona.

Respectfully submitted,

DON SHERER,
General Secretary

REPORT OF THE SECOND VICE PRESIDENT

Since assuming the office of 2nd Vice President last year the duties of that office have been carried out without notice of any omissions. This includes editing four quarterly issues of the Club (Officers') Bulletin and answering numerous inquiries from member clubs and from prospective club members regarding club activities and ANA membership.

Recommendations were made to the Executive Board at a meeting in Milwaukee on May 3-6th for establishing a new club representative program in order to better serve the rapidly expanding membership of clubs. These recommendations were adopted and placed in effect at once. The July issue of the Club Bulletin contained an outline of the new program.

The club membership stood at 844 on June 30, 1962. It is anticipated that membership will exceed one thousand in the ensuing year. Every effort will be made under the new system to keep in touch with the membership and their official representatives.

Respectfully submitted,

HERBERT M. BERGEN,
2nd Vice President

REPORT OF THE EDITOR

Each year the A.N.A. Heath Literary Awards Committee has the difficult task of selecting the best articles printed in "The Numismatist" for the preceding calendar year. From 1961's out-put, twenty-six articles underwent serious consideration for awards. Of the dozen finally chosen, two authors received silver medals, three were given bronze medals, and seven were named for honorary certificates. This indicates the quality of studies already published. The future is backstopped by many fine papers on hand but not yet printed.

Circulation is in direct proportion to membership, reaching a total of 27,784 copies a month. This figure is divided thus: Members received 24,284 copies; individual, library and museum subscriptions reached 1,200; newsstand sales accounted for 1,400; single copy and other sales ran about 900 copies.

Both the Editor and his Assistant again gave considerable time to extra-curricular activities, this time to the preparation and publication of a revised and expanded edition of the popular but out of print 32-page pamphlet "An Introduction to Coin Collecting," first printed in 1948. The new booklet is of 48 pages and contains articles reprinted from "The Numismatist" of May, June and July, 1962. It will retail at a nominal price.

The loss of General Secretary Lewis M. Reagan was felt by numismatic organizations and individuals everywhere but nowhere more than by "The Numismatist" staff. As he was so well versed in all things pertaining to the A.N.A., its history and its policies, its people and its plans, many problems that came up from time to time could be resolved by him with a minimum of effort. Close cooperation between the General Secretary, the printer, the Advertising Manager and the Editor is essential to produce "The Numismatist" and get it into the hands of its readers promptly. This situation prevailed at all times with Lew Reagan and continues with General Secretary Don Sherer.

Correspondence remains at a high level, although some letters intended for others are being received almost every mail. Action will be speeded if each correspondent keeps the following in mind: Matters concerning address changes, memberships, subscriptions or general information on the A.N.A. should go to the General Secretary; advertisements or rate information requests should be sent to the Advertising Manager; articles or other matter pertaining to the editorial side should be directed to the Editor.

This Fall, "The Numismatist" begins its seventy-fifth year, having been published regularly and without a break since Issue Number One in October, 1888. Any periodical would consider this a respectable record, particularly an avocational one dependent entirely on voluntary and part time efforts. (Note: Volume numbers shown in the magazine do not coincide exactly with elapsed time, as early in its life two "volumes" of six months each occurred in a single year.) The Editor, ninth in line, looks forward to "The Numismatist's" seventy-fifth birthday next year.

This report would be incomplete without notice of the Editor's gratitude to all contributors and his thanks to them for patience while waiting publication of their articles. A rundown of the authors listed in the 1961 index, December "Numismatist", would show many whose names would be found in any numismatic "who's who."

High on the list of those to whom the Editor is indebted is Mr. Glenn B. Smedley, Assistant to the Editor, whose day-to-day support and willingness to serve are always evident. Besides his regular coverage of news of numismatic organizations, the writing of occasional pieces and the column "Numismatic Vignettes," he handles numerous other activities with a cheerfulness that warrants special mention. Others who deserve widespread recognition for their regular contributions are Mr. Ernst Kraus for his column on new or recent coins, and A.N.A. Historian Jack W. Ogilvie for his excellent series on A.N.A. Presidents.

The Editor gratefully acknowledges the cooperation and assistance of the "official family" both elected and appointed. He never hesitates to call on any of them when needed and has never failed to receive prompt and courteous attention. And lastly, the Editor notes here his appreciation to his wife, Jean, for her constant helpfulness and her acceptance of restrictions

on social life caused by ever present deadlines and associated demands of the editorship.

Respectfully submitted,

ELSTON G. BRADFIELD

Editor of "The Numismatist"

REPORT OF THE ADVERTISING MANAGER

The growth of the American Numismatic Association is reflected in the pages of *The Numismatist*. During the past year each issue had a total of 144 pages, while in 1958 the average number of pages totaled 128. In keeping with this, 27,000 copies of the magazine are being mailed each month, compared with 18,000 in 1958.

Naturally costs of publication have increased, but the ratio of advertising revenue has kept apace with these increases. I am pleased to report that an all time high was reached without an increase in advertising rates.

During this past year the deadline for the receipt of advertising copy was moved up to the 5th of the month, thus making it possible to get the magazine in the mails considerably earlier. This shortening the period between preparation of copy and distribution has materially benefited our advertisers. In this respect much credit is due to the printers, McCormick-Armstrong, and to Mr. Vir Den Mayo of that company.

It is also a pleasure to report that there have been few serious complaints filed against any of our advertisers, and that all minor complaints which have been brought to my attention have been rectified.

I wish to express my appreciation to our advertisers for their wonderful cooperation in getting their advertising copy in earlier which has done much to eliminate the old last minute scramble and late hours in getting the copy ready for publication.

To the Editor, Mr. Elston Bradfield, I wish to express a special appreciation for his complete cooperation at all times, and to officers and Governors of our association for their valued counsel and sound advice. To Lucy, who doubles as my wife and as Assistant to the Advertising Manager, goes my sincere gratitude; in fact, I find her indispensable.

Respectfully submitted,

S. W. FREEMAN

Advertising Manager

REPORT OF THE LIBRARIAN

Another record year! Again we wish to thank the many members that have made this past year a success. A new Library Catalog will be published this fall and next year should be even greater. I also want to thank my wife, Bernie, without whose help, I could not have managed.

REPORT OF THE CURATOR OF MEDALS

The A.N.A. Collection of Medals consists of a total of 263 pieces. This number represents 13 miscellaneous medals on loan in the Smithsonian Institution, Washington, D. C., a set of 35 Admiral Vernon Medals on display

in the Joslyn Museum, Omaha, Nebraska, and 215 medals in the custody of the Curator of Medals.

The A.N.A. Medal Collection is a modest one. Prior to 1957 the Association had not formed a medal collection. In this year Mrs. Dwight P. Spencer donated to the A.N.A. her late husband's collection of medals including a complete collection of pieces issued by the Society of Medalists.

Future plans provide for maintaining up-to-date the Society of Medalists' issues, and, when funds are available, adding a representative collection of presidential medals and the gradual acquisition of a modest but representative collection of contemporary medals issued in this nation and abroad.

New acquisitions since August 1961 are as follows:

- Nu. M. 26 Bronze Award Medal prepared by Medallie Art Company for use by numismatic organizations — large size. Purchased by A.N.A.
- Nu. M. 27 Bronze Award Medal prepared by Medallie Art Company for use by numismatic organizations — small size. Purchased by A.N.A.
- Nu. M. 28 Medal of the Colorado-Wyoming Numismatic Association (sterling silver). Donated by this Association. February 24, 1962.
- Nu. M. 29 Medal of the Colorado-Wyoming Numismatic Association (nickel-silver). Donated by this Association. February 24, 1962.
- Nu. M. 30 Token and Medal Society of the Chicago area medal. Goldine, scalloped edge. Donated by Joseph Kotler, 725 Greenleaf Avenue, Glencoe, Illinois.

An inventory of the current collection has been submitted to the office of the General Secretary.

O. H. DODSON, *Curator*

REPORT OF THE EDWARD T. NEWELL VISUAL EDUCATION COMMITTEE

The Visual Education Committee is extremely pleased to report on a very busy and highly successful year. In the fiscal year 1961-1962, there were 606 slide set showings and 38 showings of our newly acquired 16mm. black and white sound motion picture film entitled "A Trip Through the Denver Mint." This is our highest total to date and better than our previous high of last year by 244 showings. A large part of this tremendous increase can be attributed to the extra copies of slide sets that are available. The number of showings this year compared with those of the last five years is as follows:

1956-57	243 showings	1959-60	286 showings
1957-58	305 showings	1960-61	362 showings
1958-59	315 showings	1961-62	606 showings

A review of the data also indicated that the five most popular slide sets were:

# 2 "Types of Commemorative Half Dollars"	70 showings
#17 "Coins with Special Significance"	54 showings
# 4 "U. S. Types, Quarters to Silver Dollars"	35 showings
# 3 "U. S. Types, Half Cents to Twenty Cents"	35 showings
#10 "Confederate States of America Currency"	34 showings

Clubs in the following states used the sets most:

Illinois	67 showings	Texas	55 showings
Pennsylvania	58 showings	California	47 showings

The slide sets were shown in 45 of the 50 states and in Canada. Since the clubs in Alaska, Hawaii, Rhode Island, Utah and Vermont did not use the slide sets this year, it is hoped that they will do so next year.

Your Committee again wishes to congratulate Custodian of Slides, Mr. Michael M. Dolnick, for the excellent manner in which he has handled re-

quests for slide sets. As in the past, thanks are due him for his friendly cooperation and helpful advice. In addition, during the year he prepared a new and improved slide set list which gives a description of each set and discusses our program in more detail.

The sound tape prepared to accompany slide set #10, "Confederate State of America Currency" has proved to be very popular. 17 of the 34 showings of slide set #10 involved the use of the sound tape.

Slide set #23, "Coins and Early Christianity" has been well received since becoming available a year ago. It is thought that this set may become one of our most popular sets.

In March, 1962, your committee announced that slide set #24, "Korean Coinage Conversation Pieces" had been completed and was available for club showings. This set consists of 31 color photographs that trace the history of Korean Coinage from 996 A.D. to the present. The lecture notes were written by committee member Mr. Alan D. Craig, who along with Mr. G. B. Smedley, was also responsible for the development of the slide set.

In the same month, slide set #25, "Types of Regular U.S. Gold Coins", containing 52 color photographs of all regular issue gold from 1795 through 1933 was announced. The photographs were made from coins in the collection of Mr. August F. Hausske, who also wrote the lecture notes.

Extra copies of slide sets developed during the past year include color photographs of the coins used in plastic slide sets #3 and #4. Color photographs of some coins that were not available in plastic were added to the sets. Slide sets #3A, #3B, and #4A are the result of this work and their use accounted for 60 club showings that would not have been possible otherwise.

At the present time, your committee has a number of projects underway including a slide set of Roman Republican Coinage and sound tapes for several slide sets.

Mr. Cyrus H. Phillips, A.N.A. #10100, reports that the set of slides prepared for and on permanent loan to the Bank of America in California is still being used in talks entitled "Historical Background of American Coinage." This program, given before school and civic groups, is sponsored by the Bank of America. His report for the period July 1, 1961, through June 30, 1962, is as follows:

<i>Type of Group</i>	<i>Number of Showings</i>	<i>Total in Audience</i>
Elementary and Junior High Schools	49	12,942
Service Clubs	32	3,072
Miscellaneous, including coin clubs	2	230
Grand Total	83	16,244

Mr. E. P. Ritchie, Vice President of the Bank of America, has asked that your committee express to the American Numismatic Association "sincere thanks for the cooperation and valuable assistance rendered our program."

REPORT OF CERTIFIED PUBLIC ACCOUNTANTS

The Executive Board, American Numismatic Association:

We have examined the accompanying statement of cash, investments and deposits of American Numismatic Association at June 30, 1962 and the related statements of cash receipts and disbursements for the year then ended.

The accounting records of American Numismatic Association are maintained and the statements mentioned above are prepared on a basis of cash receipts and cash disbursements; therefore, amounts receivable for membership dues, advertising and other income are not recorded in the accounts until payment is received and, similarly, liabilities for expense and capital items are not recorded in the accounts until payment is made. Also, it is the policy of the Association that capital expenditures, e.g., equipment and additions to the coin collection, are not recorded as assets.

Our examination, the scope of which is outlined below, was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other procedures as we considered necessary in the circumstances.

SCOPE OF EXAMINATION

Our examination of the cash transactions included the following:

- (1) Cash balances in banks as confirmed directly to us by depositaries were reconciled with amounts shown in the accounting records of the Association.
- (2) Receipts recorded in the accounting records were traced to deposits on the bank statements. Receipts for membership dues were tested in total by comparing recorded receipts for the year with an estimate of such receipts determined by reference to the membership roster. Advertising receipts were tested by comparing recorded receipts with amounts computed by reference to advertisements appearing in *The Numismatist* and with published advertising rates. Amounts shown in memorandum records as unpaid for advertising were tested by correspondence with selected advertisers. Subscription receipts were tested by tracing individual receipts to subscription expiration cards. Net proceeds from the 1961 convention were traced to the report submitted by the Convention Committee.
- (3) Tests were made of cash disbursements by reference to vouchers and other supporting data. Canceled checks returned by the banks were examined and compared with the cash disbursement records.

U. S. government savings bonds in the Operating Fund were inspected by us. Transactions for the year were analyzed and traced to related entries on the bank statements. Interest receivable during the year on government bonds was computed and traced to deposits shown on the bank statements.

The cash balance and U. S. government bonds in the Building Fund account were confirmed by direct correspondence with the trustee.

Deposits with U. S. Post Office Department and Trans World Airlines, Inc. were confirmed by direct correspondence.

OPINION OF CERTIFIED PUBLIC ACCOUNTANTS

Based on our examination, as previously outlined under the caption "Scope of Examination", in our opinion the accompanying statements present fairly the cash, investments and deposits of American Numismatic Association at June 30, 1962 and the cash receipts and disbursements for the year then ended and are prepared on a basis consistent with that of the preceding year.

FARRAN ZERBE AWARD

This award is made annually to a member of the Association in recognition of distinguished service and is regarded as the highest honor that the Association can award.

The Farran Zerbe award was established in 1951, at the suggestion of Louis S. Werner, and set up as a memorial to the late Farran Zerbe who was a devoted and loyal member of the Association for many years. The award is intended to stimulate and encourage interest in the welfare of the Association and to give public recognition to outstanding service.

This award was made to Past President M. Vernon Sheldon in 1951; Mrs. June Pond, then a member of the Board of Governors, in 1952; the late Col. Joseph Moss, Past President, in 1953; General Secretary Lewis M. Reagan in 1954; Past President J. Hewitt Judd in 1955; Richard S. Yeoman in 1956; Burton Saxton in 1957; Louis S. Werner in 1958; Glenn B. Smedley in 1959; Dr. John F. Lhotka, Jr. in 1960.

The award for 1961 was presented to Lee F. Hewitt at the Detroit convention's Friday morning session. Hewitt, well known Editor and Publisher of the *Numismatic Scrapbook* which he started in 1935, came to the assistance of the A.N.A. for a short time in 1942 as Editor of *The Numismatist* following the unexpected resignation of Frank Duffield. His enthusiasm for coin collecting and his strict standards for his advertisers have done much to promote and expand the hobby.

Numismatic Vignettes

■ Ever wonder why some coin clubs prosper while others falter? Or why the interest in and activity of a specific club waxes and wanes from time to time? Here is one reason, quoted from a reader's letter, with names omitted: "He made an ideal president because of his excellent qualities for organizing, stimulating interest, his insight into the national trends, his personal contacts, his knowledge of human nature, and because he had a special knack on how to keep the younger members interested. His shoes would be hard to fill for anyone taking his place. The new president is a fine man, but he is rather young and lacks experience on the qualities mentioned above." To which we add that some of us will never have them at any age.

■ In the August, 1962, issue we asked who now has the choice 1863 triple-struck cent shown at the 1926 A.N.A. convention. Vernon L. Brown answered the question and proved it with the accompanying photos. This error collector's dream has been in the Chase Manhattan Bank

Triple struck cent (Chase Manhattan Bank Museum of Moneys photo).

Museum of Moneys of the World since 1928, when the bank purchased it and other material from Farran Zerbe. Thank you, Vernon, for writing *finis* to this story.

■ Definitions. The "upper crust" is a bunch of crumbs held together by their dough. Fortunately, numismatics doesn't differentiate millionaires from other collectors. Among the most unaffected people seen at the Detroit convention were a cou-

ple of multimillionaire collectors who would not want even their names mentioned. And that delightful "First Lady of the Mint," whose presence was a joy to so many of us, has a personality worth millions. "Currency." Something useful for buying things you want but not good to eat, like currants, see!

■ Here are excerpts from a letter published in the *Washington Daily Globe* of August 4, 1834, a reproduction of which was sent to us by Eric G. Warner, Editor of Culver City Coin Club's *The Four C Journal*. The letter is dated Philadelphia, August 1, 1834 and was written by Samuel Moore, Director of the Mint, to Levi Woodbury, Secretary of the Treasury:

"I have the honor to inform the Department that the coinage of gold, according to the new ratio of gold to silver, commenced this morning, . . . On the face, the new coins will be readily distinguished (from previous issues) by a head of Liberty disencumbered of a cap. On the reverse, the surplus motto 'E Pluribus Unum,' . . . is now omitted. These changes, independently of the facility to be derived from them in distinguishing the future from the past omissions of our gold coins, are recommended by a nearer adherence to the provisions of the law, as well as by the rules of taste and classic authority . . . the same improvement was introduced in the quarter dollar in 1831, . . . The Eagle of the former issues weighs 270 grains, the Half Eagle 135 grains, and the Quarter (Eagle) 67½ grains. The Eagle under the present law will weigh 258 grains, the Half Eagle 129 grains, and the Quarter (Eagle) 64½ grains."

Unfortunately, no eagles of this or the previous design were issued, but the above would indicate that the primary purpose of the change in design was to call attention to the reduced weight of gold coins authorized by the Act of June 28, 1834. — GLENN S.

EDWARD KANN, A.N.A. NO. 8550

Edward Kann, internationally known scholar and authority on the coinage of China, passed away on July 30th, 1962 at 82 years of age. He had lived in the Far East for almost fifty years and his *Catalogue of Chinese Coinage*, issued in 1953, was his major contribution to the field he knew better than any other Twentieth Century scholar. Prior to his death Mr. Kann disposed of his entire collection intact. — AK and ADL

M. E. (MIKE) THROOP

M. E. (Mike) Throop, 3306 N. Ellis, Fort Worth, Texas, died June 1, 1962 following a short illness. Burial was in Coeur D'Alene, Idaho. Mr. Throop was 36 years old and a veteran of World War II. He had been interested in coins for many years. In addition to being a member of the A.N.A., he was a member of the Texas Numismatic Association and the Fort Worth Coin Club. He had served on the Board of Directors of the Fort Worth Coin Club for the last year and a half. He was also co-owner of the Frontier Coin Co. and the Mico Chemical Co. — WK

IN MEMORIAM: EDWARD KANN

A written memorial is constructed of mere words which, no matter how it may eulogize the deeds and accomplishments of a great man, can never for a single moment recapture that force of character and nobility of soul which sets apart the man himself from his written record.

Such a great man has passed from us in body, but he leaves behind him many memorials of his undoubted genius to guide us for many years to come. Edward Kann leaves to his posterity two towering works, *The Currencies of China*, 1937, and *An Illustrated Catalogue of Chinese Coins*, 1954. He also leaves a large number of shorter essays on things numismatic, philatelic and antiquarian, for, while we knew him best as the outstanding authority on Chinese coinage of his time, he was also deeply immersed in the study of Oriental philately, economics, archaeology, history and objects of art. He was also a patron of the arts.

Dr. Kann amassed the largest collection of Chinese coins extant and stood a head taller than his contemporaries in his understanding of China's numismatology. He did this without fanfare, without thought of personal gain and always with that personal humility which separates the truly great from the near great.

It is typical of the man that he shared his knowledge unselfishly with all the collectors with whom he came in contact. In a letter to me dated 1954, Kann offered to attribute or authenticate Chinese coins which came to my attention and which troubled my novice's mind. The number of coins he labelled as "genuine" or "fabrication" accurately for his fellow collectors was legion, and he was seldom in error. With the deepest respect for his fellows, he would willingly retract any observation of his which later proved erroneous. No collector who came under his aegis ever failed to gain some knowledge and integrity merely by the association, even if very brief.

My last personal contact with Edward Kann, perhaps the greatest authority on sinology this country has ever produced, reveals the sincerity of character which typified this numismatist. As Chairman of San Diego's 1961 Coinarama, I had invited him to be guest speaker at the Numismatic Forum. His subject was to be "The Romance of Chinese Money."

When Dr. and Mrs. Kann arrived in San Diego from their Hollywood home, Kann was seriously ill and could not speak as planned. White and shaking, supported by his dear wife, he yet sought me out on the busy convention floor to apologize for being unable to go on and expressing his deep regret that so many collectors who had come to hear him would be disappointed. The scene was so touching that ex-A.N.A. President Leonel C. Panosh and Ralph A. Mitchell, who assisted him, had a glister in their eyes. "The Romance of Chinese Money" was perhaps the greatest numismatic speech that never came to pass in California.

Austrian by birth, Chinese by preference, and American by adoption, Kann's literary genius is readily apparent to anyone who has read his *Illustrated Catalogue of Chinese Coins*. Published in 1954 at the personal expense (and loss) of the author, it stands alone as the sole final authority on the areas it covers. It takes out of the realm of fantasy and folklore the silver and gold coinage of the Chinese and puts attribution down to a fine and accurate science. Kann's footnotes alone make it one of the finest books on coins ever written, regardless of subject matter, and every page is filled with this man's warm personality. Untiring and methodical in its treatment of a difficult subject, it serves today as the standard reference in its field, as it undoubtedly will for many years to come.

Kann served China for 48 years as banker, bullion broker, foreign exchange expert, economist and advisor to the Ministry of Finance. With unswerving loyalty he supported the Chinese Republic from its birth out of the ruins of the Manchu Dynasty until its collapse in 1949 before the Red Chinese onslaught. He observed the Chinese scene with characteristic sympathy almost from the Boxer Rebellion in 1900 until the fall of Canton a half century later.

Most of the time that he could spare from his duties, Kann used to increase his stature as a numismatist in China. He constantly sought out the "why" of everything numismatic that came to pass in the country, and it is to his conclusions that the solutions to such puzzles as the Peking issues of

1900, the coinage of the usurper Emperor Yuan Shi Kai in 1916 and the pattern coinage leading to the adoption of the Sun Yat Sen dollar in 1932, are due. His unravelling of many of the mysteries of Tibetan, Mongolian and Sinkiang coinages alone would destine him for the Numismatic Hall of Fame.

He belonged to many organizations devoted to the serious study of numismatics, philately and antiquarianism, yet he never sought personal glory. Preferring always to remain in the background, he never achieved the high public acclaim so many lesser men have done in these fields.

Our deepest sympathy is extended to Mrs. Kann at this time of her great loss. May we hope that her husband's rich, full life and the bountiful posterity he leaves to numismatics may in some small measure compensate for the emptiness in our hearts. — RUSSELL RULAU

TEXT OF LATEST GOLD REGULATION AMENDMENTS

In the September, 1962, *Numismatist*, pp. 1182-1183, were published the text of President John F. Kennedy's Executive Order 11037 and excerpts from the Commissioner of Customs order implementing it. These concerned gold coins, bullion, etc., held abroad by Americans. Below is the Secretary of the Treasury's explanatory remarks and the text of amendments to the U. S. Code; Title 31 – Money and Finance: Treasury; Chapter 1 – Monetary Offices, Department of the Treasury; Part 54 – Gold Regulations, taken from the *Federal Register* of July 24, 1962, p. 6974:

Prohibition on Holding Rare Gold Coins Abroad by U. S. Nationals and the Importation of Such Coins

The texts of §§ 54.14 and 54.20, as amended, and § 54.82 as added, are set forth below. These amendments prohibit the acquisition and possession by persons subject to the jurisdiction of the United States of any rare gold coins situated outside the United States, abrogating an exemption for such rare gold coins which has heretofore existed with respect to general prohibitions on the holding of gold and gold coins abroad by United States nationals. The amendments also prohibit the importation of any rare gold coins except pursuant to Treasury license, or for sale to the mints subject to the applicable Regulations governing purchases of gold by the mints.

Persons who acquired rare gold coins prior to the effective date of these amendments and who own them on such date are afforded until January 1, 1963, either to dispose of them by sale to any person who is not prohibited by the Regulations from acquiring them or to import them for holding in the United States as authorized by § 54.20 of the regulations.

The issuance of these amendments without notice, public procedure, or postponement of the effective date is deemed necessary in order to carry out the requirements and purposes of Executive Order 11037 of July 20, 1962. Accordingly, these amendments are made without notice or public procedure thereon because such procedures are deemed to be impracticable and contrary to the public interest. They are effective upon filing with the Office of the Federal Register.

(Sec. 54.1 to sec. 54.82 issued under sec. 5 (b), 40 Stat. 415, as amended, secs. 3, 8, 9, 11, 48 Stat. 340, 341, 342; 12 U.S.C. 95a, 31 U.S.C. 442, 733, 734, 822b, E.O. 6260, August 28, 1933, as amended by E.O. 10896, November 29, 1960, E.O. 10905, January 14, 1961, and E.O. 11037, July 20, 1962; E.O. 6359, October 25, 1933; E.O. 9193, as amended, 7 F.R. 5205; 3 CFR 1943 Cum. Supp.; E.O. 10289, 16 F.R. 9499, 3 CFR 1951 Supp.)

Section 54.14 is amended to read:

§ 54.14 Gold situated outside of the United States.

(a) Gold in any form situated outside of the United States may be acquired, held, transported, melted or treated, or earmarked by or on behalf of persons subject to the jurisdiction of the United States only to the extent permitted by licenses relating to the legitimate and customary use of gold in industry, profession, or art issued under § 54.25: *Provided, however*, The provisions of §§ 54.16, 54.17, and 54.19, relating to fabricated gold, metals containing gold and gold in its natural state, respectively, shall be applicable to the acquisition, holding and transportation of gold in such forms outside of the United States by or on behalf of persons subject to the jurisdiction of the United States.

(b) The acquisition, holding, transportation, importing and exporting, by persons subject to the jurisdiction of the United States, of securities issued by any person holding, as a substantial part of his assets, gold as a store of value or as, or in lieu of, money and not for a specific and customary industrial professional or artistic use, is prohibited.

Section 54.20 is amended to read:

§ 54.20 Rare coin.

(a) Gold coin of recognized special value to collectors of rare and unusual coin may be acquired, held, and transported within the United States without the necessity of holding a license therefor. Such coin may be imported, however, only as authorized by this section or §§ 54.28 to 54.30, 54.34, 54.40, or licenses issued thereunder, and exported only in accordance with the provisions of § 54.25.

(b) Gold coin made prior to April 5, 1933, is considered to be of recognized special value to collectors of rare and unusual coin.

- (c) Gold coin made subsequent to April 5, 1933, is presumed not to be of recognized special value to collectors of rare and unusual coin.
- (d) The Director, Office of Domestic Gold and Silver Operations, may in exceptional cases issue or cause to be issued licenses or other authorizations permitting the importing of gold coin of recognized special value to collectors of rare and unusual coin.

Section 54.82 is added:

§ 54.82 Temporary authorization applicable to rare gold coin situated outside of the United States.

Notwithstanding the provisions of §§ 54.14, 54.20 or of any other section of the regulations in this part, commencing with the filing of this section with the Office of the Federal Register and until January 1, 1963, rare gold coins as defined in § 54.20 situated outside of the United States which were acquired by any person subject to the jurisdiction of the United States prior to the filing of this section with the Office of the Federal Register and are owned by such person on that date may be held, transported, earmarked, and disposed of to persons not prohibited from acquiring such gold coins under the regulations in this part or imported by or on behalf of such owner without the necessity of obtaining a Treasury Department gold license: *Provided*, That, except as permitted by § 54.40, no gold coins imported into the United States shall be permitted to enter pursuant to the authorization contained in this section until the person importing such coins shall have satisfied the collector of customs at the port of entry that such coins are of recognized special value to collectors of rare and unusual coin and that they were acquired by such person prior to the filing of this section with the Office of the Federal Register and owned by him on such date.

NOTES & QUERIES

Chase Manhattan Features New Money Exhibit

Historic money, represented by outstanding coins, colorful paper money and exotic currency enlarged to hundreds of times actual size to show details of workmanship by gifted artists, was shown in the Chase Manhattan Plaza in August and September. Items were from the seventy-five thousand piece collection of The Chase Manhattan Money Museum at 1254 Avenue of the Americas in New York City. The Museum has been closed for renovation during the summer but is scheduled for re-opening in November. Collectors are invited to view the displays or to study specific items in the vast collection which embraces all forms of money of all ages.

P.N.G. Elects Officers

The Professional Numismatists Guild held its annual election during the recent Detroit convention, with the following results: President, Tom Wass of New York; Executive Vice President, Sol Kaplan (reelected); Vice Presidents, Kenneth L. Nichols of Costa Mesa and Dan Brown of Denver; Secretary, James Ruddy of Binghamton (reelected); Directors, Lester Merkin of New York and Earl Schill of Detroit.

The Guild re-affirmed its stand concerning modern falsifications and indicated it will give full cooperation and support to a drive to educate the collecting public concerning false coins. A. Kosoff, Chairman of the Committee on Detrimental Practices, reported that a book on the subject is being planned. This Committee proposed two resolutions, both of which were approved:

1. That no member of the Guild may make, create, promote, advertise or sell any counterfeit or false coins or any fabrication or simulation which may confuse the buyer into thinking that he is purchasing a genuine coin; that such coins shall be listed by the Committee and the list presented to the members after approval by the Board of Directors; that any member found to be in violation of this resolution shall be subject to disciplinary action.

2. That the Guild condemns the advertising of gold coins in bulk without regard to date or condition but merely in regard to denomination and

quantities. It did not question the legal right to make such advertisements but pointed out that neither the stature of the member, the Guild nor the hobby is enhanced by the selling of gold in quantities.

The Guild will hold its next meeting during the FUN convention at Miami Beach early in January, 1963.

Illinois Meets in Moline

The annual convention of Illinois Numismatic Association will be held October 13-14 at the Holiday Inn, a year-old motel located at the intersection of Routes 1 and 150 near the Moline airport. In addition to ample space for the bourse and exhibits, the motel offers fine dining and recreation facilities, including a heated swimming pool.

The Tri-City Coin Club will be host and its President, Don Kelsey, is General Chairman. Membership in the Club is drawn largely from Davenport, Iowa, and its sister cities on the Illinois side of the Mississippi River, Moline and Rock Island. At this writing, bourse tables are still available at \$25 for six-foot and \$35 for eight-foot. Those wishing to make exhibits may reserve cases without charge. Chairman Kelsey may be contacted at 408 45th St., Moline, Ill.

Auction sessions will be held on Saturday afternoon and evening, and on Sunday afternoon. Police protection will be provided in the exhibit and bourse areas during the entire show. Special tours are being planned for the ladies and a number of worthwhile door prizes will go to lucky persons. Rooms may be reserved by writing direct to Holiday Inn, Moline, Ill.

Harry S. Truman Visits Iowa Dealer

While in Cedar Rapids, Iowa, to assist at the dedication of the Herbert Hoover Library in nearby West Branch, former President Harry S. Truman paid a visit to Jerome W. Padzensky in his coin and gift shop. John W. Snyder, Truman's Secretary of the Treasury, purchased a collection of some 1500 pieces from Padzensky's personal collection and donated it to the Truman Museum recently. Shaking hands with dealer Padzensky, Truman observed that "Mr. Snyder is a good friend to have."

Paper Money Collectors Meet

The Society of Paper Money Collectors held its first annual meeting

on August 15 during the Detroit ANA-CNA convention. Over one hundred members and guests attended.

President Hank Bieciuk traced the history of the Society, going back to the 1960 A.N.A. convention in Boston where a very small group met informally and agreed that a regular organization was desirable. At the 1961 Atlanta A.N.A. convention, the Society of Paper Money Collectors was formally organized. Starting from scratch in late 1961, the Society now has over 450 members, including some from the merger with the World Paper Money Club.

In discussing the quarterly magazine *Paper Money*, President Bieciuk emphasized the need for more advertising revenue and additional articles for publication. All members were asked to send in articles relative to their collecting specialty and to encourage their dealer friends to adver-

tise. Articles need not be lengthy. Where desirable and possible, they should be accompanied by good quality, glossy photos to illustrate the subject matter. Consideration will be given to a "Question and Answer" column in the magazine.

Discussion was held relative to the classification of exhibits of paper money, and it was agreed that the Detroit convention made a big improvement with separate classes for U. S. notes, obsolete notes, and foreign paper money. It is hoped that these classifications will be continued at future conventions and the large shows.

Consideration will be given to the establishment of a committee to advise members and recognized groups on the rarity and valuation of uncataloged notes. It was pointed out that some dealers, as well as collec-

tors, are uninformed on this subject. One member reported the formation of a local chapter in Cleveland and recommended consideration of this in other areas where enough paper money collectors reside to make it practical. Discussion was held on the possibility of a merger with the Essay-Proof Society but it was ruled out for the present because of the philatelic interests of many members of that organization.

The Treasurer reported a bank balance of \$877.85 as of August 11, with no outstanding debts. Announcement was made of the Board's action in setting the annual dues at \$4.00 effective January 1, 1963, with no initiation charge. Members who joined the Society after July 1, 1962 will receive a credit of \$1.50 when paying their 1963 dues.

Governors are elected for two-year terms, and at this meeting six new ones were elected. The Board, as constituted for 1963, includes Charles J. Affleck, Dr. Julian Blanchard, Amon G. Carter, Jr., Robert H. Dickson, Ben Douglas, James Kirkwood, Michael Kolman, Jr., Morris H. Loewenstern, Julian Marks, William A. Philpott, Jr., and John H. Swanson. Other officers are: President Hank Bieciuk, First Vice President James J. Curto, Second Vice President Thomas C. Bain, Secretary George W. Wait, Treasurer Glenn B. Smedley, Historian Earl Hughes, Attorney Ellis Edlowitz. Collectors interested in joining the Society are invited to contact the Secretary at P. O. Box 165, Glen Ridge, N. J.

New Israeli Coins

Israel has announced that notes of half pound and one pound denominations (equivalent to sixteen and thirty-three U. S. cents) will be withdrawn from circulation in 1962 and replaced by coins of the same denominations. Also, If50 and If100 commemorative gold coins will be issued to mark the tenth anniversary of the death of Chaim Weizmann, 10,000 coins of each denomination being minted. It is planned to issue a new If100 note in the next two or three years.

Cooperative Coin Dealers to Hold Convention

Announcement has been made by Bennie Klefot, Secretary of Cooperative Coin Dealers, Inc., that the organization will hold its second annual coin convention and auction at the Biltmore Hotel in Dayton, Ohio, Nov.

30-Dec. 2. Information may be obtained from Secretary Klefot, 291 Linden Ave., Dayton 3, Ohio, or from Ted Rogers, 3933 Main Ave., Norwood 12, Ohio.

Massachusetts Notes Auctioned

Two seldom offered early Massachusetts notes highlighted the auction at the Northeast Ohio Coin Club convention in July. Auctioneer Michael Kolman called them museum pieces and doubted that the bids indicated their true numismatic value. A £15 note, dated June 1, 1779 and supposedly paying interest at six per cent, brought \$155. This is the so-called "rattlesnake note" said to have been printed by Paul Revere. A six per cent interest note, the £280 denomination dated January 1, 1780 in superb condition sold for \$130. This note was equivalent to nearly fourteen hundred U.S. dollars which were authorized over twelve years later.

Tulsa Coin Club Raises Money for Reagan Foundation

[The following is the text of a letter sent to the Lewis M. Reagan Memorial Foundation under date of August 27, 1962.]

On August 23, 1962 approximately seventy-five members of the Tulsa Coin Club and their guests attended a special dinner meeting at Borden's in Sheridan Village shopping center. The purpose and highlight of this meeting was an auction with the proceeds going to the Lewis Reagan Memorial Foundation Fund. Club members donated the material for this auction and the club is happy to enclose their check in the amount of \$49.35.

Bill Ramey of the Tulsa Club was speaker for the evening. Since one of our own Tulsa dealers was robbed at the recent Detroit convention, Bill spoke on robberies and precautions one might take to prevent such losses.

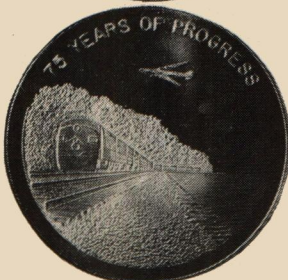

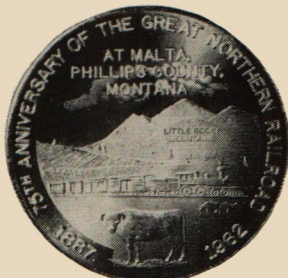

The club is headed by Tom Galey, President; Harry Lantz, Vice President; C. R. Ross, Treasurer and Miss Ozella Shaw, Secretary.

Railroad Medal

A medal commemorating the seventy-fifth anniversary of the construction of the Great Northern Railway through northern Montana and the location of Siding 54, later named Malta, has been released. Only five

hundred of the sterling silver dollar-size medals were minted. Serial numbers were stamped on the edges. The obverse was designed by Phil Perry

Great Northern Medal

of Malta and pictures an 1887 model railway train against a typical northern Montana background. The reverse shows the famous Great Northern "Empire Builder." Only a few of the silver medals, which are \$7.50 are left. In addition, two thousand five hundred nickel silver dollar-size tokens are \$1.00. Obtainable from N. J. Cummings, or The First State Bank, in Malta, Mont.

Honorary A.N.A. Memberships Conferred on Three

The A.N.A. Board of Governors conferred Honorary Memberships on three at the Detroit convention. One went to Miss Eva Adams as Director of the Mint and for her many courtesies to the American coin collector. The others were given to Senator John L. McClellan and Representative Wilbur D. Mills, both of Arkansas, in thanks and appreciation for their "efforts exerted towards the perpetuation" of the A.N.A. charter.

Shop Talk

Central States Convention Withdrawn from Cleveland

The Central States Numismatic Society, thirteen-state regional organization, has taken its scheduled 1963

convention from Cleveland, Ohio, following a special Board meeting held at Detroit during the A.N.A. August convention. For the previous two months Society President F. Stevens Epps, Secretary-Treasurer Paul Olson and others tried to straighten out a disagreement over block booking of bourse tables with no success. The Board considered all sides of the question carefully, then voted overwhelmingly to withdraw. Dr. Epps states a convention will be held in 1963 but no decision will be made until the regular fall Board meeting. Under consideration is a proposal for an old-fashioned numismatic gathering devoted entirely to exhibits and educational features only.

Largest FUN Convention

Plans underway for the Eighth annual convention of Florida United Numismatists in Miami Beach are for the biggest coin show ever held. The 32,300 square foot Ballroom in the world's largest resort hotel, the Fontainebleu, has ample room for 250 bourse tables and 150 eight-foot display tables. The committee promises excellent lighting in this large room which has no posts or pillars. Michael Kolman of Federal Brand Enterprises, Cleveland, promises a quality auction.

The forty-million dollar Fontainebleu Hotel has blocked out 500 rooms at special rates for numismatists ranging from \$18 to \$24 per day during the convention period of January 3-7. This hotel offers most complete facilities, including such unusual ones as bowling, fishing, golf, tennis, ocean or indoor swimming and water skiing. Room reservations should be made early with the hotel, mentioning the

Mississippi Convention

Two prominent professional numismatists have been appointed to key positions for the second annual convention of the Mississippi Numismatic Association, according to President D. C. Montgomery, Jr. Byron W. Cook was named General Chairman and Charles Slade, III, will arrange and conduct the auction. Those interested in consigning material to the auction

should contact Slade at P. O. Box 5821, Orlando, Fla. Other matters concerning the affair should be taken up with Cook, P. O. Box 181, Jackson, Miss.

The Spring convention will be held next March 16-17 in the beautiful Heidelberg Hotel in Jackson, Miss., which will house the bourse in its ten thousand square foot Olympic Room and the auction and banquet in the six thousand five hundred square foot Victory Room. Chairman Cook has announced that J. R. Schick will handle convention funds, Daniel T. Anderson will be named Publicity Chairman, and K. B. Kaiser will have charge of the bourse. The three men are officers of the Association.

MEMORABLE CONVENTION EDUCATIONAL PROGRAM

The large and attentive audience at the Thursday evening program of this year's Detroit A.N.A.-C.N.A. convention indicated that numismatists do have a desire for knowledge. Not many years ago even a much smaller room was sparsely filled, but late comers found the spacious English Room seated to capacity this year. Perhaps the imposing list of speakers and the variety of their subjects drew people from other convention activities but, whatever brought them, they stayed and gave careful attention to the two hour program.

J. C. Risk

Lt. Col. Ostiguy of Ottawa, Canada, showed color slides and spoke on "Three Great Military Orders of North America." He traced the development of the three orders, Order of St. John of Jerusalem, Order of St. Louis and French Legion of Honor, giving glimpses of history and stressing the relationship between Canada and the United States. His knowledge and keen interest in the subject kept the attention of his audience.

Next, Mrs. H. G. (Lois) Cole charmed the group with her delightful Southern accent in speaking on "Numismatists and the Secret Service." After giving a brief history of the Secret Service and outlining its duties, she called attention to sections of the U.S.

Code relating to coins, and used color slides to illustrate replicas and other numismatic items in the "twilight zone" between legal and illegal coins. Mrs. Cole concluded that "the laws are for the prevention of crime, not for punishment of the criminal" and that numismatists should become acquainted with coinage laws and seek the help of Secret Service agents in interpreting them.

Charles Hoskins, the energetic Assistant to the Director of the National Bank of Detroit's Money Museum, put slides to excellent use in tracing the development of the Saint-Gaudens gold coin designs. He drew a word picture of the relationship and correspondence between President Theodore Roosevelt and the famed sculptor during their attempt to improve the artistic aspects of our coins. Mechanical problems in the mass production of coins took precedence over aesthetic designs, but the experiment cannot be considered a failure, Hoskins believes.

David F. Spink of London, England, provided the thrilling climax by announcing the discovery of a new 1804 silver dollar. Developing the story of his discovery carefully and with the aid of slides, the London numismatist showed evidence that this coin and an 1804 eagle were in a set of proof coins made in late 1834 or early 1835. A letter found in the Philadelphia Mint files shows that such a set was ordered for presentation to the King of Siam

from President Andrew Jackson. James C. Risk of New York City, who collaborated in the research connected with the discovery, was called upon by Spink to share the honors and present more information concerning this and other 1804 dollars.

Having arranged this program and acted as moderator, the writer expresses his personal thanks and also the appreciation of the Association to each of the speakers for the time and effort expended on this fine presentation. The speakers were asked to submit their papers in form suitable for publication in *The Numismatist*, and it is hoped that they may appear in the near future. — GLENN B. SMEDLEY

BOOK REVIEWS

***Standard Catalogue of Canadian Coins, Tokens and Paper Money*, Eleventh Edition, by J. E. Charlton, Whitman Publishing Company, Racine, Wis., board covers, 128 pp., \$1.00 (\$1.35 in Canada).**

J. E. Charlton, a recognized authority on Canadian coins and other numismatic items, published the first edition of his catalog ten years ago. Being one of the first publications in the field, revised and improved annually, it must be credited with giving impetus to the tremendous increase in popularity of Canadian numismatics both in and out of Canada.

The new edition covers the coins and tokens issued in Canada from 1670 to date, as well as those of Newfoundland, New Brunswick and Nova Scotia. The major types and many varieties are illustrated, and prices are shown for all issues in several conditions. Much descriptive and historical information is included. The paper money issued by the Government and the Bank of Canada is illustrated and priced also. In other words, the catalog covers all phases of Canadian money except the notes issued by private banks, commonly referred to as "obsolete" bank notes.

Prices of most classes of items are higher than in the preceding edition — many are increased greatly. The sharpest changes are in the decimal coins, where some of the scarcer pieces have doubled or more in price. Fewest changes appear in the paper money series. The list of twenty-five contributors to the new edition convinces us that prices have been weighed carefully and are not based on one man's opinion.

The line drawing illustrations in previous editions have been replaced with actual photographs which improve the appearance and usefulness of the catalog. General information on practically all kinds of material will be quite helpful to many numismatists, whether specialists in the Canadian field or not. Whether he pays one U. S. dollar or \$1.35 Canadian, the purchaser will get a lot of the best information available on the money and monetary history of Canada. — GLENN S.

***An Illustrated History of United States Coins, Depicting the Proposed Designs As Well As the Accepted Types*, by A. Kosoff, Encino, Cal., 1962. Paper covers, 76 pp., illus., \$7.50.**

Just as partial quotations are often misleading, so may be an abbreviated title. Seeing only the first half of the title of Kosoff's new offering might cause one to think that it covers more than the coins themselves. It does not — in fact, one may well question whether it is a "book" or an informative and unpriced catalog.

Taking the positive approach, this publication is an attempt to bring together illustrations, descriptions and informative remarks about types of U. S. coins from 1792 to date. Whereas others have dealt with either regular issue coins or with patterns alone, Kosoff brings the two together in a chronologic presentation. In the case of patterns, the Judd and A-W number of each is given. Each coin listed is given a number and some clue to the coverage is indicated by the following: No. 1 is the Sommers Islands shilling; No. 16, the 1793 Chain cent; No. 45b, the 1804 silver dollar; No. 100, the 1837 half dime; No. 200, the J 192 pattern 1858 Flying Eagle cent; No. 300, the J 453 double eagle of 1865; No. 400, the J 981 half dollar of 1870; No. 500, the J516 half dollar of 1877; No. 600, the 1899 regular issue quarter dollar; No. 654 (the last), the 1959 regular issue cent.

The catalog nature of the publication is borne out in stating the condition of each regular issue coin (patterns are assumed to be proofs) and in the

solicitation of inquiries and quotations on all coins listed. Included are definitions of various terms relating to patterns, a tabulation of type changes together with a bibliography of each denomination, a record of the dates of issue by mints of each denomination, and a pattern rarity chart. Many of the illustrations (obv. and rev. of most pieces) are excellent but some are weak.

The author admits that a few things are missing and that the "history" is not complete. However, the publication will be quite helpful to those who wish to include both the rejected and accepted types in their collections of U. S. coins. — GLENN S.

***Money Tells the Story*, by Rear Admiral O. H. Dodson, Whitman Publishing Company, Racine, Wis., 1962. Limp covers, 64 pp., illus., \$1.00.**

Most of the numismatic books published recently have dealt with a single series of coins or the issues of a certain country or time. Here is something different that was written for the numismatic student or historian rather than for collectors.

The author is well known as a student of ancient Greek coins and has a talent for writing in the numismatic and historical fields. He begins this book with an account of trading in the small world of 1000 B.C., shows the need for coins and traces the development of them by early Greek merchants and rulers, then goes on to tell the stories of some of the world's most notable coins. These are illustrated in actual and enlarged size from specimens in the National Bank of Detroit Money Museum, of which the author is director. Also, such strange moneys as wampum, tea bricks and stone money of Yap are discussed.

As an addition to the Whitman Reference Series, we recommend this book to all numismatists and to those interested in the history of money and economics. It is a story book, and as such relates the authentic stories of some of the world's outstanding coins. — GLENN S.

BOARD CHANGES A.N.A. BYLAWS

To bring the A.N.A. bylaws to conformity with the new Federal charter, after careful study the Board of Governors adopted certain revisions at the Detroit convention. Major changes were two.

The first eliminated the Executive Board (President and First Vice President plus the five Governors) which had, in effect, increased the Board of Governors from five to seven members contrary to the old charter. Under the current revision, the number of Governors has been legally increased to nine, three of whom shall be the President, First Vice President and Second Vice President. The presidency is limited to a single two-year term. First election under the new bylaws is that of 1963.

The second change eliminates the election of the General Secretary and the Treasurer, making both appointive offices. The incumbents will continue in their posts until August 10, 1963, last day of the convention, after which their offices will be filled by Board appointment.

Both changes have been advocated by a majority of members for years. The text of the revised bylaws will appear in the new Library catalog, now in preparation.

New Coin Displays in Detroit

On Friday, August 17, unnoticed and unheralded in the host of A.N.A.-C.N.A. members, the hundred thousandth visitor passed through the entrance of the Money Museum in National Bank of Detroit. Reaching this record in twenty-seven months is unusual for a specialized display, especially since the exhibition is closed on weekends when most museums draw their largest crowds. It reflects the widespread and increasing public interest in numismatics. The popularity of coin displays is further indicated by the recent opening of new numismatic museums in the Tokai Bank of Nagoya, Japan, the Bank of Brazil in Rio de Janeiro, a new display in the Smithsonian Institution and the new exhibits planned for the Chase-Manhattan Museum of Money of the World in New York City.

The popularity of collecting and studying old coins was again recently recognized when managers of National Bank of Detroit's neighborhood offices requested that displays from the Museum collection be made available for their branches. To meet this request a decision was made to design three original, portable exhibits suitable for use in the space-limited branch banking offices. The displays are moved from one office to another every two or three weeks.

To cast numismatics in the most favorable light the displays were made colorful and attractive. The "story behind the coin" is told in such a manner that the exhibits arouse the interest of the typical bank customer as well as that of the coin collector. For security reasons, rare or valuable items were excluded. A coin does not have to be rare or priceless to be interesting.

The next step in developing the exhibits involved selecting the type of numismatic material to be used. In view of the numerous areas of tension in the world today, the frequent fiery news headlines on Katanga, Laos, Viet-Nam, Red China or East Germany, and the diversity of readily available current foreign coins, one display was built around coins now being used in the nations frequently mentioned in today's turbulent world news. After experimenting with world maps, these were discarded in favor of a globe with the coins on tiny plastic poles which project from the nation of issue. The globe is inclosed in a plastic display case.

Deanna Jerrell and Sandra Olson are intrigued by the coins of the Bible display.

Since paper money is more widely in use today than coins, and colorful foreign currency vividly depicting scenes of exotic lands could be exciting, this subject was chosen for the second exhibit case. The bills, carefully selected for their beauty of de-

Receptionists Joyce Carney and Mary Ellen Frahm at the Coins of the World display.

signs, are mounted between clear plastic sheets and these sheets mounted at right angles to each other. The plastic sheets are fitted into a cylindrical world map mounted at the center of the case.

With two exhibits devoted to the current coinage and paper money of other lands, it was decided that a more balanced over-all display could be achieved if the last case showed ancient coins. Here again the recent remarkable revival of interest in the ancient world and the large number of recent books on archaeology and on early civilization were influential. Since coins relating to Christianity always attract great interest, the third display was developed around this theme.

Some early coins of great historical importance are small, with the sym-

bols and inscriptions barely visible when the coin is behind plastic. This is particularly true of the intriguing ancient bronze coins of the Jews. To enhance the third display, enlarged photographs of both sides of the coins are included, along with a brief story about each coin. For completeness and to attract viewers from a distance, a photographic reproduction of an ancient temple, amphitheater, or other ruins associated with each coin are also placed alongside the coin, the photo and label. Horizontal bars of bright colors add to the attractiveness of this display.

These displays have been well received. Many at the Detroit A.N.A.-C.N.A. convention had an opportunity to view the exhibit cases which were located at the entrance of the main exhibit room in the convention hotel.

Mrs. Clain-Stefanelli Is F.I.D.E.M. Delegate

A Smithsonian Institution historian has recently been accorded high international recognition by her colleagues among world numismatists. Mrs. Elvira Clain-Stefanelli, Associate Curator of the Smithsonian's Division of Numismatics, has been chosen as permanent delegate in the United States of the International Federation of Medal Editors, F.I.D.E.M. (*Fédération Internationale des Editeurs de Médailles*). The appointment was made at the last general meeting of this organization in Paris. Mrs. Clain-Stefanelli's duties will entail fostering the interest and production of artistic and historic medals in the United States in coöperation with similar efforts done abroad, as well as the promotion of closer ties with various representative groups or individual artists abroad.

Mrs. Clain-Stefanelli

The need of closer coöperation between sculptors and engravers of various nations found its expression in the first international exhibition of medals organized in Paris in 1937 by F.I.D.E.M., then newly formed. This dedicated group of artists and medal publishers was soon joined by several outstanding art critics and numismatists, such as Prof. Dr. Eduard Holzmair, Director of the Vienna Coin Cabinet of the Kunsthistorisches Museum; Prof. Jean Babélon, Director of the Cabinet des Médailles of the Bibliothèque

Nationale in Paris; and Dr. Enno van Gelder, Director of the Royal Coin Cabinet in The Hague. The eighth international exhibition was held in 1959 in the Belvedere Palais in Vienna under the personal auspices of Dr. Reinhard Kamitz, Minister of Finances of Austria; the ninth international exhibition was housed in the halls of the Palazzo Braschi in Rome, in September 1961; while previously Madrid, Stockholm, Paris, Vienna, and Antwerp were centers for international medal shows. F.I.D.E.M. publishes in Paris a periodical entitled *Médailles*, open for various contributions written in French or other languages about recent medallic productions or about the history of famous medal collections.

At the Smithsonian Mrs. Clain-Stefanelli assists in the care and study of the Institution's large and important collection of coins and medals. The Smithsonian's new Hall of Monetary History and Medallic Art, which was opened to the public last year, was planned and constructed largely under her supervision.

Club News

The Long Beach Coin Club is putting the final plans in shape for the 31st semi-annual convention of California State Numismatic Association to be held November 1-4 at the Lafayette Hotel in Long Beach. Located in Southern California's vacation paradise, the Lafayette is the finest hotel in Long Beach, having an aquatic pool and ocean beach and being within easy reach of Disneyland, Marineland, Knotts Berry Farm and Ghost Town, and many other attractions. Room reservations should be made directly with the Hotel, Long Beach 2, Cal. About a hundred dealers will have bourse tables and it is expected that the available hundred and eighty exhibit cases will be filled with excellent collections. The Don-Lew Company of Sacramento will use its bid board to sell the choice auction items. The Friday evening forum will feature "Numismatics in the Future," with widely known Herb Bergen representing the collectors and genial Abe Kosoff expressing the professional views. We promise that all who attend can enjoy a fine vacation spot, see outstanding exhibits, collect some items for their own collections, meet and hear distinguished numismatists and develop old and new friendships. General Chairman Charles M. Johnson and his busy committee urge all who possibly can do so to attend. — IDA MAE GRIFFIN, Publ. Chm.

The Pasadena, Texas Coin Club proudly announces its second annual "Gulf Coast Coin Show," to be held December 1-2 at the spacious Gulfgate Shopping Center in Houston. An early sellout of the forty-two bourse tables is assured. Motel accommodations are being made at the beautiful Carousel. Further information may be obtained from General Chairman Gene Majors, 1415 S. Richey, South Houston, Texas. — GEORGE KING, JR., Pres.

The Austin, Texas Coin Club announces that its annual fall show, known as the "Money Mart" has been delayed one week to November 17-18 in deference to a coin show scheduled in Fort Worth the previous weekend. We regretted the resignation of Dolly-Maude Harris as chairman and appointed Vice President John H. Mayfield to the position. Correspondence and requests for bourse tables, at \$15 each, should be directed to John at 1407 Ridgmont Drive, Austin 2, Texas. The Money Mart will be held in Austin's famous Driskill Hotel in the heart of the City. Invitations have been extended for special exhibits and some outstanding ones are promised. Shooting for an attendance of five thousand, the show will be publicized in Texas newspapers and on radio and TV stations, as well as in numismatic publications. We invite Y'all to come. — BRAD H. SMITH, Publ. Chm.

At a recent meeting of the **Los Angeles Coin Club**, Joseph M. Mirkovich of North Hollywood told nearly four hundred collectors of the historical background of the California Missions. Mirkovich, originator of the Mission Medals, displayed the original drawings of the Junipero Serra medal, first in the series, and the defaced dies used in striking it. He related how King Charles of Spain, concerned about Czarist Russian colonization of the west coast of the New World, sent Fray Junipero Serra here to claim the land in the name of the King of

Spain. His talk aroused so much interest that many stayed after the meeting to question him about the Missions and the medals being issued. — ELIZABETH L. GOODSON, Sec.

In view of the present controversy over copies, replicas and reproductions, the **San Gabriel Valley Coin Club** has gone on record as disapproving the practice. It will allow no copies, replicas or reproductions in its auctions, and feels that such items are a detriment to the hobby of numismatics. — J. RICHARD HAWEKOTTE

A record hundred twenty-seven persons attended the August 20 meeting of **Santa Barbara Coin Club** and enjoyed the showing of the A.N.A. sound film on operation of the Denver Mint. The locally designed Club crest was finally presented to the members in the form of pins, bolo ties and tie tacs. This "first" in the area was very well received. — GWEN SENTIS, Sec.

The June 21 meeting of **Crescent City Coin Club** of New Orleans was attended by over fifty persons. Mrs. Joy Parrish, a visitor from Lawndale, California, brought her exhibit of "Medals of American History," and gave an interesting talk on the subject. Guest speaker Clarence Rareshide gave a very informative talk on mint "errors." Guests and prospective members are invited to our meetings the third Thursday monthly at the American Legion Hall on Royal and Conti Streets. — PATRICIA R. GAIENNIE, Sec.

The August 21 meeting of the **Torrence (Cal.) Coin Club** was attended by over one hundred, including Mr. and Mrs. Conner of Spokane, Wash. Eric Warner, speaker of the evening, used "Numismatic History and Research" as his topic. Warner stated that ever since boyhood he thought about the "why" of a decision and this has caused him to seek the reason behind many numismatic items and problems. As an example, he explained what he had learned about "why" two different \$5 gold pieces were minted in 1834. His answer was found in a letter published in the *Washington Daily Globe* of August 4, 1834, stating that the new design was to facilitate distinguishing the lighter weight coins. The letter was written by Director of the Mint Samuel Moore to Secretary of the Treasury Levi Woodbury. He requested numismatic items of interest for publication in the *N.A.S.C. Quarterly*, of which he is editor. President Goodson gave special thanks to Mrs. Youngkers for voluntarily preparing the evening's refreshments of sandwiches. — MRS. VIRGINIA H. DENNIS, Corr. Sec.

The **Jersey City Coin Club** has accepted the invitation of the Deborah Hospital Organization to handle the numismatic portion of its annual Antique Show, which will be held November 17-20 at the Moose Lodge Hall in Jersey City, N. J. We will feature a fine exhibit, bourse tables and a coin appraisal booth, with proceeds to be given to the Deborah group. We will solicit donations to the Lewis M. Reagan Memorial Fund, also. It is felt that this is a good opportunity to promote numismatics and help a worthy charity organization at the same time. — FRANK A. D'AMATO, Publ. Chm.

The first annual **Greater Boston Coin convention** will be held on November 4, 1962, at the Grand Ballroom of the Route 128 Motel, Dedham, Mass. The convention will be sponsored by the **New England Exonomist Society, Canadian Numismatic Society of New England, and the Collectors Club of Boston**. The motel is the largest in New England and on the main highway easily accessible from any direction. Displayed will be the famous Mr. and Mrs. A. J. Ostheimer collection and will include a showing of their U. S. silver dollars, Hawaiian coins, and Bryan satirical money. A panel discussion will be held in the afternoon by the Ostheimers and Maurice M. Gould of Boston, Mass. Doors will be open from 10:00 a.m. to 10:00 p.m. Over forty bourse dealers are expected. There will be various exhibits and plans for the program. Convention Chairman is Andrew S. Scott, 41 Aquavia Rd., Medford, Mass., and the Bourse Chairman is George H. Kwatcher, 27 Sutcliffe Park, Newton Highlands 61, Mass. — ALFRED D. HOCH

The **Arkansas Numismatic Society** will hold its Fall quarterly meeting November 4 in Searcy at the well known Rendezvous Cafe on Highway 67. Pete Steck, 706 East Market, Searcy, is Chairman. The large bourse room will be flanked by a foyer filled with arts and antiques of the past, and we expect that many eyes will wander from the shining coins to their historic companions in the foyer. The Rendezvous is widely known for its fine foods and will serve coffee in the coin room. This meeting will see the start of special auctions to raise funds for our project to prepare the Harry B. Solsman collection of C.S.A.

currency for permanent display in the Old State House. Items donated will be auctioned, with a short session for junior members only at which small value coins will be offered. Donors of more than \$10 will have their names engraved on a plaque to be placed in the display room. Matt Rothert of Camden heads this fund raising drive. — NINA WILLIS, Vice Pres.

With a record crowd for a hot night, the **Youngstown Numismatic Club** held its August 2 meeting at Krakusy Hall with an attendance of over two hundred and twenty. Neil Splain exhibited a wonderful collection of obsolete bank notes. James Crawford, General Chairman of the Penn-Ohio convention to be held at the Pick-Ohio Hotel October 5-7, spoke on the plans being made for a big show and the record crowd expected. Ruth Hammell told of the special plans being made for the Ladies Activities Program. — GLEN MARSH

The **Lehigh Valley Coin Club** met August 16 in the Moravian Church in Easton, with fifty-four present. President L. Edward Huber presented plans for the 250th meeting banquet and exhibit to be held November 8 at the Blue Ridge Country Club in Palmerton. Emphasis will be on planned exhibits with awards offered in all numismatic categories. It was voted to contribute \$15 to the Lewis M. Reagan Memorial Fund. A note of nostalgia was evident in the President's remarks about the late Mr. Reagan's visit to this club some years ago. Paul Heckman displayed a collection of medals from the Society of Medalists. As an innovation, multilithed listings of future numismatic conventions and shows in the Eastern Pennsylvania and New Jersey area were distributed to members. — G. F. KEARNS, Sec.

Now in its fiftieth anniversary year, the **Rochester Numismatic Association** has elected the following officers for the 1962-63 year: President Edwin Quagliana, Vice President Robert E. Ogg, Treasurer Burdette R. Nash, Secretary Henry R. Dutcher, Jr., Librarian Allyn M. Bates, and Curator Floyd B. Newell. The Secretary's address is 138 S. Fitzhugh St., Rochester 8, N. Y. — HENRY R. DUTCHER, JR., Sec.

One of the hundred and five members of **Yorkville Coin Club** reported the finding of his second 1955 "shift" cent. Sal Carinci, the lucky one, says this is abt. unc. Ill health has forced the writer to relinquish his duties and turn them over to Ruth Jayson, Acting Corr. Secretary. The Club meets the second and fourth Wednesdays monthly at 157 East 86th Street in New York City. — JOSEPH BEAURY, Ex-Corr. Sec.

With about two hundred in attendance, the **Washington Numismatic Society** held its August 13 meeting as a farewell to member Neil Shafer who joins the Whitman Publishing Company in Racine, Wis. Captain B. Bennett, USN, gave a talk on "The History of the Penny," tracing the evolution of small coins from about 2,000 B.C. into the regular issue of staters about 700 B.C. and on to present times. He displayed examples from most periods, starting with the turtle stater of Aegina and ending with the 1962 English penny. Changes in appearance due to different metallic content and the art of the period was as interesting as the coins themselves to many. — MAE L. CLARKE, Sec.

Attended by over one hundred members and guests, the panel discussion at the sixth meeting of **Hunting Park Coin Club**, Philadelphia, proved most interesting. This new club meets the second Saturday afternoon monthly at the Mann Recreation Center, Fifth St. and Allegheny Ave., and welcomes guests and prospective members. Those who join during the remainder of this year will receive paidup 1963 membership cards. — JEAN MILLER, Acting Sec.

The third open house of the **Cheshire Coin Club** is scheduled for November 4 at the Grange Hall in Cheshire, Conn. With doors opening at 1 p.m., there will be a busy afternoon at the bourse tables and auction. Admission and parking are free, and the Club is donating a half eagle to the list of door prizes. Information may be obtained from the Secretary at 79 Birchwood Dr., South Meriden, Conn. — GLENN WISEMAN, Sec.

The 490th meeting of **Western Reserve Numismatic Club** was held August 8 at the Hotel Statler in Cleveland. Rudy Leuckart spoke on the various metals from which coins have been made, going back to ancient times and showing a case of coins as examples of the different metals. Bob McNamara showed some turquoise pieces he brought back from the West, and Clayton Gray had an 1867 overdate cent he had just acquired. Fred Rosenthal noted that World War II ended on August 14 and showed some Japanese money issued for occupation of the Philippines. He also possessed a medal struck for the atomic bomb. — FRED N. HAHLER, Sec.

August 5 brought one of the largest turnouts to a **Penn-Ohio Coin Clubs** picnic in the history of the organization. Families and friends of members totaled around five hundred. There were games and contests for the young and a business meeting and dealing for the adults. Basket lunches were supplemented with free coffee, ice cream bars and orange pop. Rides at the Lake Front Pavilion were sold to the picnickers at a discount. Needless to say, the place was alive with fun and good fellowship. In accord with the usual custom, the summer business meeting was held and, being an even year, officers for the ensuing year were elected, as follows: President Tom Williams, Vice Presidents Richard Krotz and Ernest Cooke, Secretary Laura M. Caddy, and Treasurer Kenneth Ferguson. We thank those who took part in making this picnic a success, and especially Mike Kolman, Jr., who donated \$50 toward its cost. — LAURA M. CADDY, Secretary.

Attendance of some 3,500 persons at the **Missouri Numismatic Society's** third annual Coin Festival on August 11-12 exceeded last year's turnout by more than 1,000. Most states and several Canadian provinces were represented in the Hotel Statler-Hilton and many expressed great satisfaction with the arrangement, management and results of the show. Exhibits were highlighted by McDermott's famed 1913 liberty head nickel, Mrs. R. Gorski's giant display of mint errors, and Eric Newman's specimen of the 1792 silver center cent and other rare 1792 pieces. A hundred and sixty lots were auctioned during the two days, with every tenth lot being announced over the speaker system so that guests could determine the progress toward lots in which they were interested. A proof 1856 flying eagle cent brought \$2,000; a

set of Indian head quarter eagles sold for \$570; and an 1854 three dollar gold piece brought \$152.50. A successful feature of this show was a VIP booth, manned by stellar members of the Society who, with the aid of Junior Member "page boys," provided a message center, locator desk, trouble shooter, announcer, first aid and generally acted as a clearing house for the convenience of all. Preceded by a TV-radio-newspaper publicity program, members Dave Cooper, Jim Berkel, Chris Schlather and the Secretary appeared personally on live programs of three major local TV stations. To quote from a local reporter, there was an "Alice in Wonderland" aura about the entire show. A Kansas City dealer displayed a sign warning "Don't ask prices unless you have a strong heart or a letter from your doctor." Another dealer paraphrased a slogan with "Collecting more U.S. now but enjoying it less? Switch to Canadian and get some satisfaction." The Society is grateful for and extends its thanks to the many numismatic publications, dealers and guests who aided in making this third annual Festival the outstanding success that it was. — BERNICE STEVENSON, Secretary.

The **Franklin County Coin Club** will hold its first coin show and auction October 28, at the Central School Gym in West Frankfort, Ill. Bourse tables will be open from 10 a.m. to 6 p.m., and an auction of one hundred choice lots will be held at 2 p.m. Bourse tables are \$3 for members and \$5 for nonmembers, and all space is expected to be sold by October 1. Six attendance prizes, with a total value of \$50, will be given away during the show. The committee expects an attendance of over five hundred. Correspondence may be addressed to the Club, P.O. Box 114, West Frankfort, Ill.

With an attendance of 235, the **Los Angeles Coin Club** meeting of August 3 was held in Forester's Hall. Speaker LeRoy O. Borchardt used the title "The American Challenge" for his fine talk on collecting type coins. Exhibits were made by Thelma M. Case, Elizabeth L. Goodson, Harley Kaufman, Wm. D. Koonce, James Leoni, Jos. F. McGee and Harvey Rose. We are happy to note that our Recording Secretary Ann M. Hall is scheduled to speak on "Women on Coins and Medals" before another club in the area. It is fine that collectors are willing to share their talents and collections with others in this manner. — ELIZABETH L. GOODSON, Corr. Sec.

Harold Metcalf spoke at the July meeting of **Indianapolis Coin Club** on coins as an investment. Metcalf is one of the country's most successful coin brokers and has been written up in feature stories in the *Indianapolis Star* and in *Coin World*. Max Keller directed a coin grading session in which members graded coins projected on a screen by an opaque projector. General Chairman Carl Simons reported that plans for our November 10-11 coin show are progressing under the following chairmen: Ron Plew, Exhibits; Jim Buck, Security; Lee Long, Auction. — CLAUDE E. TYNDALE, Corr. Sec.

Special speaker at the July 28 meeting of **Toronto (Canada) Coin Club** was J. Albert Peddie, FRNS, a member of the Club since 1936. Peddie exhibited a representative array of notes to illustrate his talk on "The Paper Money of

Canada." Included was card money issued in New France from 1685 to 1750 (extremely rare); army bills issued during the War of 1812; the *bons* or due bills of merchants; conventional notes of railroads and other business firms; notes of the chartered banks; provincial and Dominion Government notes; and those of the central Bank of Canada. This Bank was incorporated in 1934 and gradually took over the issues of other banks, which were all retired by early 1950. Peddie's collection includes notes in denominations from 25¢ to \$1,000 for general circulation and up to \$50,000 for use among banks only. Dr. Marvin Kay thanked the speaker for the address which was at once witty and informative. We were pleased to have Glenn Smedley, Asst. to the Editor of *The Numismatist*, as a surprise visitor. Acting for the A.N.A. General Secretary in planning the convention in Detroit, Smedley spoke briefly about the convention and other A.N.A. activities, and paid tribute to its late General Secretary, Lewis M. Reagan, whose untimely death robbed the Association of a devoted and distinguished servant. Our own newly appointed CNA Editor, Fred C. Jewett, FRNS, referred to President Kennedy's order of July 20 and suggested that Canadians contemplating a trip to the United States leave their gold coins behind. — H. A. CRAIG, Editor

[Note: Assistant to the Editor, Smedley takes this opportunity to express his appreciation for courtesies extended by members of Toronto Coin Club, and especially to C.N.A. Editor Jewett and Dr. Wilkinson, President of C.N.A., and his gracious wife Alice for the delightful evening following the afternoon meeting. He will not soon forget the early Sunday morning ride to the Toronto airport in the Wilkinson "beetle." Southern hospitality, we found, extends north of the border.]

The **Eagle Coin Club of New Haven** is using radio and other means to publicize its convention to be held October 27-28 at the Eagle's Hall in downtown New Haven. Numerous state and local dignitaries have indicated their intention of attending, and the committee is making every effort to insure a pleasing and successful affair. A few bourse tables at \$25 for the two days are still available. Taking the stand that we'd rather have you as a "satisfied partner" than a "wish I had" spectator, the committee urges you to contact the Secretary at 152 Grafton St., New Haven, Conn. for table reservations or other information. All profits derived from this convention will be used to further the Club's project of helping the handicapped children of the area. Those knowing of worthy cases that the Club might help are requested to convey the information to it at 41 Whalley Ave., New Haven. Remember — this is the only club-sponsored coin show being held in the area; the money goes for a good cause; here is a chance to help yourself and others by taking part in the October 27-28 convention. — DOROTHY M. MARINO, Sec.

The eighth annual open house will be held by **South Bend Coin Club** on October 27-28 in the Eagle Lodge Hall, 321 N. Michigan in South Bend, Ind. There will be bourse and exhibits which have made these shows a success in the past, and a limited auction of choice items on Sunday afternoon. Doors open at 10 a.m. Saturday and 12 noon Sunday, with closing time 6 p.m. on Sunday. Everyone invited. — WALTER WHITE, Publ. Sec.

The **Elgin Coin Club** will hold its first convention on October 28 at the American Legion Home in Elgin, Illinois. Gerald Hickey and Clarence Crichton are Co-Chairmen, Fred Marckhoff is Exhibit Chairman, and John Falloon is Bourse Chairman. The twenty-five tables have been reserved. Tom Stebbings of Palatine will conduct the 100-lot auction which will include gold, proof sets from 1937 to date, and choice minor coins. The Club invites all collectors and those just interested to attend its first all day show. Food will be available in the building. — CAROLINE CRICHTON, Sec.

The July 26 meeting of **Pittsburgh Numismatic Society** featured a question and answer program with Moderator Ithamar Lando and members Gordon Dodrill, Phil Williams, Duane Feisel and Ray Byrne supplying the answers to a variety of questions which had been submitted in writing. This type of program had been tried before and always proves successful. From the eighty-five in attendance, nine exhibits were shown by Harry Bartley, Frank Beam, J. Booth, the Breyer family, Ray Byrne, Prosper DeVos, Frank Hartman, Dr. Hudson and John Speicher. — HARRY C. BARTLEY, Corresp.

The **Crescent City Coin Club** announces that its meeting location has been changed to the Fontainebleau Motor Hotel in New Orleans. Meetings are held the third Thursday evening monthly, guests and prospective members being invited to attend. A proof set is given away at each meeting and there usually is an auction. — PATRICIA R. GAENNIE, Sec.

ADVERTISERS PLEASE NOTE ALL FOLLOWING CONDITIONS

All correspondence relating to advertising should be addressed to the Advertising Manager, S. W. Freeman, P. O. Box 591, Newport, Ark. Make all remittances payable to the American Numismatic Association.

No advertising accepted from minors.

Advertising Contracts: These are available, covering periods of three, six and twelve consecutive months for display space as listed in the above Table of Rates, and are necessary if the schedule of reduced rates is to apply. If the advertiser prefers not to accept the Contract, such reduced rates will be granted only upon payment in advance for the period desired.

References: All advertisers who submit copy for the first time are definitely requested to furnish therewith banking or other satisfactory references.

Available Space Units: Practical considerations restrict the allocation of space units to those listed in the above table. Any amount of space (subject to any current limitation) is available IF these units or a combination of them are used. Unless contrary instructions are given, copy will be cut if found too full for the space designated; if no designation is made, it shall be understood the amount of space is left to the discretion of the Advertising Manager.

Unless under contract, smaller units than one-half page accepted subject to available space in desired issue.

Deadline: Copy must be received by the Advertising Manager by the 5th of the month to insure insertion in the following month's issue.

Illustrations: All cuts to be provided by the advertisers, care being used to see that they do not exceed in measurement the limits of the space unit desired. The Advertising Manager, when absolutely necessary, will have engravings made from furnished photographs, at national rates, to be paid for by advertiser.

We cannot accept mats or stereos.

Miscellaneous: Please furnish copy separately from your letter of transmittal. Advertising copy included in the body of a letter usually has to be retyped for the printer; this should not be required. **Mail Bid Sales listing not acceptable.** It is also the policy of the magazine to limit its advertisements to those of numismatic character.

Preparation of Copy: Advertising copy should be prepared with minute care. Carelessness invites error—something which both advertiser and publisher are anxious to avoid. Use only one side of the sheet. Send originals, not carbon copies. Use only paper of good quality, and not of extremely light weight. All copy must be typed, no handwritten accepted.

In the absence of an Advertising Contract, when payment in advance for any number of consecutive months has been made, if change of copy has not been received by the 7th of the month for the next issue, the latest preceding advertisement will be run.

Advertisers may use a trade name, but, except in the case of an incorporated concern, the name of the proprietor or some other responsible person connected with the firm must also appear in the advertisement.

The right to edit copy, to require payment in advance, and to decline any advertisement is specifically reserved.

CHOICE AND INTERESTING NUMISMATIC ITEMS

NOTICE: I will use this medium, instead of writing to each person separately. My apology, to my friends, to those I have made prior appointments, to my unknown clients, who constantly visited my bourse table, asking of my whereabouts, during the A.N.A. Convention in Detroit, and failed to find me sitting behind my table, buying, selling, trading, etc., as I have planned, this is to advise you that I was not sick in bed or left the hotel. I am sure that everyone knows by now, that I have retired after 25 years of continuous service as Sergeant-at-Arms and Convention Adviser. I again was called upon to lend a helping hand, to assist and advise various convention committees who were confronted with new problems, which do happen at times during the operation of our A.N.A. conventions. Yes, I was happy to help, even if it meant a loss of business to me, and should it happen again at future conventions, my friends will know the answer.

PICKWICK OFFERS...

1792 DISME IN COPPER, reeded edge; we note this type was missing from the Lohr collection, and well it should as it is an extreme rarity; less than 6 known, AW states about 4; we also note that the Lohr Disme with the plain edge and XF brought a price of \$9,750.00; ours is About Uncirculated with a tiny mixture (metal) blended in on obverse, a striking beauty sort of touched blond hair. Ex-Wurtzbach collection - P.O.R.

1792 BIRCH CENT. AW states only 3 or 4 known of this great type rarity, this of course is the rarest of the 1792 mint issues with lettered edge and is the only known specimen available to collectors. Should realize according to the rarity scale and prices realized for coins of lesser rarity, history, and availability well over \$30,000. Our specimen is boldly struck on the obverse, and reverse is well struck with the exception of N of ONE, however it is an About Uncirculated specimen, Choice chocolate toning. Truly a great gem - P.O.R.

PATTERNS

An increasingly select field with all on the bandwagon for these Patterns, whether for your own collection or for investment. Listed are some very rare and very scarce ones, check the list carefully for yours.

1818 JACOB PERKINS CENT. Description as in Judd: Obv. a small bust of liberty within a raised double circle, surrounded by two bands of engine-turned designs, date in cartouche below. Rev. A central disk surrounded by two rings, each of a different type engine-turned work; in the outer ring. United States Of America One Cent. Plain edge, in copper same size as our Indian Head Cents. Listed on page 248 in Judd's Pattern Book and on page 8 of Adams & Woodin as Unique. This is the Ex-Wayte Raymond specimen and the first time offered in a good many moons. Unc. and Unique - P.O.R.

1854 LARGE CENT J 160 Liberty Head. Rev. One Cent in wreath plain edge copper Proof lot 682 in Egolf sale very scarce - \$125.00.

1858 FLYING EAGLE Small Cent J 191. Small Letters. Rev. laurel wreath as adopted design valued in Judd at \$250.00 and rare, much rarer than the 1856 Flying Eagle with a rarity 1 scale as compared to this 5 a very popular and underpriced specimen Proof - \$850.00.

1861 PATTERN COPPER HALF DOLLAR. J-278 Reeded edge regular adopted design obv., rev., similar to adopted design with motto "God Our Trust" in scroll above eagle. A beautiful toned proof and rare - \$100.00.

RAREST OF ALL HALF CENT ISSUE 1802/00 REVERSE OF 1800

1802/00 Reverse of 1800. This is a rarity 10 rarer than the 1796 without pole which is a rarity 9. This type is very seldom offered in any sale or over the counter, less than 5-7 known. We know for a fact that a prior specimen which we sold privately was counted about 5 times as it went through various deal-

ers' hands without once being offered publicly and giving thought that it was more common than suspected as was this specimen now in our possession. We challenge anyone to come up with 1802/00 Reverse of 1800 and we will pay \$1,000.00 and up depending on condition, more for the finer specimen. VG+ - P.O.R.

Bolender states in his book Early Dollars that his specimen was formerly in the great Stickney sale lot No. 807 held by Chapman, in 1907. No other specimen has been found by the author and rated Rarity 7. We purchased this specimen from a non collector along with other Early Dollars and Pieces of Eight. The Bolender, specimen (VG Obv., F rev.) sold at a bargain price a few years back at \$475.00. Our specimen is About VF and truly a chance of a lifetime to acquire the finest known of this great rarity at - \$675.00.

MONEY TALKS

CATALOGUING SALES and wish I could write with both hands, but progress has been satisfactory.

LAHRMAN (LEE G.) COLLECTION will be a feature of the convention of the Numismatic Association of Southern California, Jan. 30-Feb. 2, 1963.

FEATURING U. S. COINS of all denominations, this collection will offer popular material with something for everyone. Large cents and half dollars will include many varieties as Mr. Lahrman favored these series.

HELD AT THE STATLER Hotel in Los Angeles, this NASC Show has consistently attracted more people than any other show in the nation. Which seems reasonable — with more coin clubs and more ANA members in California than in any other state!

FOLLOWING THIS EVENT we are planning to schedule an auction sale to be held in New York City in April. We know this will please our many friends in the East who continue to urge us to do this.

JACQUES D. SWEYD'S Collection will headline the New York Sale. Jacques is well known to the dealers in the East, having collected for many years.

PAPER MONEY, FOREIGN GOLD and U. S. Coins will make up a catalogue which should attract many to this event.

THE LARGE PAPER Money Collection which has been advertised will be catalogued and prepared for marketing. It is our feeling that this series is due for a renewal of collector interest.

PAPER MONEY WAS "hot" a few years ago and has since leveled off. At present prices it seems like a good series to investigate. Almost everything else has jumped sharply — paper has not, and it seems due.

THIS COLLECTION will be sold when and as we think it will serve our clients' best interests — indefinite, yes — but it won't be long. Mark these words —

GOLD ACT RULINGS, the subject of many inquiries. In our opinion, the rulings can serve a good purpose if counterfeit gold coins, made abroad, are kept out of this country. That is the stated purpose.

CERTAIN THAT NUMISMATIC items will be allowed in. There should be no difficulty in obtaining licenses.

GOVERNMENT BURDENS itself with paper work by requiring licenses and will probably cancel these out. IF the main objective is achieved.

THIS OPINION IS based on past experience when, for a time, licenses were required to export gold coins.

NUMISMATIC ENTERPRISES operated by son-in-law, Mike Kliman and son, Steve. Both have been with me for several years and now need room to spread their wings — a difficult thing in our present mail-order setup.

ATTRACTIVE OFFICES and showroom will be well-stocked and ably managed. My many friends are urged to give them a try.

RETIRING? HARDLY! Numismatics is too much fun. As I responded to one such inquiry, I'll probably be buying my last coin in Tibet or Tahiti. No, I guess I would stick to this game if I had to pay to do it!

IN THE MEANTIME, it's N.Y.C. in mid-October and Long Beach, California for the Cal. State Show November 1-4.

Any 2" x 2" coin holder or envelope fits the 20-pocket Coin-Sert page. The 12-pocket page accommodates medals, over-sized coins and 2½" x 2½" Whitman Coin-Vu vinyl envelopes.

All sheets are made of polished vinyl. They are clear and give you two-side visibility. They are flexible so you can fold them. They are strong to last longer. Each pocket is electronically sealed on three sides, open at top.

The special ring binder is custom-made and extra sturdy to hold Coin-Sert pages full of heavy coins. The cover is of blue, grained vinyl and has a clear window for identification on the backbone.

Thinking of Selling?

THINK OF EMPIRE FIRST

When you think of selling your numismatic holdings, think first of Empire Coin Company, Inc. Our outstanding record of buying success speaks well of the prices we will pay. During the past years collection after collection has been purchased by us . . . including many of the finest to come on the market. In addition we have handled dozens of important rarities . . . 1796 half cents, 1894-S dimes (three specimens), 1876-CC 20¢, 1827 quarter, 1842 SD quarter, 1838-O half dollar, MCMVII extremely high relief \$20, 1879 and 1880 coiled and flowing hair gold stellars, etc. Bear in mind that these were purchased outright by our firm and not accepted on consignment.

Our records indicate that approximately 90% of the purchase offers we make for rare coins and collections are accepted . . . a record of tremendous importance and significance to you when you consider that many of these offers were made in competition with other firms. When Empire buys your collection you will be paid immediately . . . no waiting for your money and no uncertainty of what your coins might bring if they were sold on consignment or auction.

Whether your collection is worth \$5000.00 or \$500,000.00 it will pay you to get Empire's offer before you sell. Thinking of selling? Write or call today. A friendly Empire representative will contact you and discuss the sale of your collection with you. We will gladly travel anywhere in the world to buy coins if the situation warrants.

With Empire you will be assured of a fair and confidential transaction with immediate payment. We believe that you, like thousands of other numismatists, will like the Empire way of doing business. Thinking of selling? We will look forward to the possibility of hearing from you.

Announcing the authorized series commemorating the immortals in **THE HALL OF FAME FOR GREAT AMERICANS** AT NEW YORK UNIVERSITY

AN EVENT OF MAJOR IMPORTANCE TO ALL COLLECTORS

The Hall of Fame is a national shrine on the campus of its trustee, New York University. It has authorized its official medals, honoring the men and women in the Hall of Fame, to be distributed by Coin and Currency Institute.

There are eighty-nine names in the Hall of Fame. It is a post-humous honor. At five-year intervals the Hall's Electoral College acts on nationwide nominations to decide which others will find a place among the immortals. The winners are represented in the Hall by a bust sculptured by a leading artist of the day. Whenever possible, the medals in this series will be executed by this same artist. The first medal, Alexander Graham Bell, will be done by Stanley Martineau. He also did the bust.

Since the medals represent the artistry of America's foremost sculptors, Medallion Art Company was asked to strike this series. They are the pre-eminent craftsmen in the field of sculptured bas-relief.

The Bell medal will be followed soon by medals for John James Audubon, Benjamin Franklin and Thomas Jefferson. The remainder will be released at the rate of one or two medals a month. These other distinguished Americans will be honored:

John Adams • William Ellery Channing • Henry Clay • Peter Cooper • Jonathan Edwards • Ralph Waldo Emerson • David Glasgow Farragut • Robert Fulton • Ulysses Simpson Grant • Asa Grant • Nathaniel Hawthorne • Washington Irving • James Kent • Abraham Lincoln • Henry Wadsworth Longfellow • Horace Mann • Samuel Finley Breese Morse • George Peabody • Joseph Story • Gilbert Charles Stuart • Daniel Webster • Eli Whitney

• John Quincy Adams • James Russell Lowell • Mary Lyon • James Madison • Maria Mitchell • William Techmseh Sherman • John Greenleaf Whittier • Emma Willard • Phillips Brooks • William Cullen Bryant • James Fenimore Cooper • Oliver Wendell Holmes • Andrew Jackson • John Lothrop Motley • Edgar Allan Poe • Harriet Beecher Stowe • Frances Elizabeth Willard • Louis Agassiz • Daniel Boone • Rufus Choate • Charlotte Saunders Cushman • Alexander Hamilton • Joseph Henry • Elias Howe • Francis Parkman • James Buchanan Eads • Patrick Henry • William Thomas • Green Morton • Alice Freeman Palmer • Edwin Booth • John Paul Jones • Matthew Fontaine Maury • James Monroe • James Abbott McNeill Whistler • Grover Cleveland • Simon Newcomb • William Penn • Stephen Collins Foster • Sidney Lanier • Booker T. Washington • William Crawford Georgas • Theodore Roosevelt • Woodrow Wilson • Thomas Jonathan Jackson • George Westinghouse • Wilbur Wright • Edward A. MacDowell •

The medals will be 1 3/4" in diameter. The obverse will bear the bust; the reverse, a symbolic design. They will be struck in bronze and silver.

The bronze medals are \$3.00 each. You may order the whole series now or limit your order to medals of special interest.

Only 7,500 of each pure silver medal will be struck. If you wish a set with matching serial numbers, you should place your order in advance. The silver medals are \$14.00 each.

Each medal will be boxed, and will be accompanied by a brief biography of its designer. An album for the entire series will be announced later.

Order directly from your local dealer or use the convenient form below.

COIN MEDALS . . .

The Magnificent Medals of Real Numismatic Interest

A series of beautifully sculptured, numismatically designed medals commemorating famous coin designers. The Augustus Saint-Gaudens and Victor D. Brenner medals, the first two in the COIN MEDALS series, are now ready for immediate shipment, and the Charles E. Barber medal will be ready in June.

COIN MEDALS are sculptured in very high relief on both obverse and reverse by master artist Robert Schabel, and quality struck by The Metal Arts Company of Rochester, New York. The obverse of every COIN MEDAL depicts the finest medallion work of the artist being commemorated, and the reverse, as shown above, symbolizes his work in coins.

COIN MEDALS are issued in bronze, and in a serially numbered pure silver issue not to exceed 5000. Each medal is three inches in diameter, and weigh close to a half-pound in silver, so they are not to be confused with ordinary coin size medals.

The Victor D. Brenner Medal: Bronze \$5.50, or2 for \$10.00

CHEMICAL MAGIC

"CCC" HAS A PARTNER

Our "CCC" has no equal for cleaning coins. It has been used for many years by thousands of collectors and dealers, and is established as a numismatic accessory of merit.

EASY TO USE
CLEANS IN SECONDS
ECONOMICAL

By mail — a 3-oz. bottle, postpaid in the U. S. or Canada, \$1.00.

This new product is a fitting partner for "CCC." Our "CCD" will restore the color of age to copper coins which have been cleaned. It seems like magic when this clear white liquid darkens the coins. Simple to use. Just soak the coins until you have attained the shade of color desired.

By mail — a 4-oz. bottle, postpaid in the U. S. or Canada, \$1.00.

ATTENTION DEALERS — "CCC" is stocked by many jobbers, and "CCD" soon will be. If not readily available from your jobber you may send us \$4.00 for six 4-oz. bottles of either "CCC" or "CCD," postpaid. Six-packs not assorted. Or you may order 1 dozen 4-oz. bottles of either, or assorted, for \$7.75 postpaid, or 2 dozen for \$15.00 postpaid.

ATTENTION JOBBERS — You are overlooking a bet if you are not handling these fast-selling, nationally advertised numismatic accessories. Please inquire (on your letterhead).

BUYING — SELLING PRICE LIST OF

U. S. VIRGIN ISLANDS' COINS

(Danish West Indies)

•

Interest in the coinage of these U. S. possessions is growing, but is still in its early stages and many of these scarce pieces, issued prior to the United States' purchase of the islands from Denmark in 1916, are still available at reasonable prices.

This list offers over 150 different coins dated from 1740 to 1913. Lincoln W. Higgin, author of Whitman's book "The Colonial Coinage of the U. S. Virgin Islands" wrote us, "You have found some very rare and exceptionally choice material . . . You have more (D.W.I.) in your list than the combined national collections of England, Belgium, Germany, Bavaria and Austria."

Buying prices are listed for all coins. Many prices vary greatly from catalog. A MUST for every Danish West Indies collector and dealer, and for the smart U. S. collector who wants to be ahead of the crowd.

PRICE — \$1.00; entitles you to receive all further D.W.I. price lists free. Your \$1.00 refunded upon any sale or purchase of any D.W.I. coins from us.

LEFLER'S DELUXE PLASTIC COIN HOLDERS

established in 1950

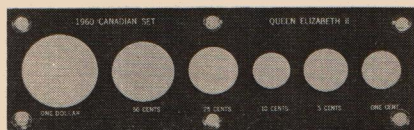

Holders are made from genuine plexiglas. All edges are hand buffed, no flame polishing or short cuts that may later on cause glazing (tiny cracks on edges). Our coin ports are not tapered, therefore some time and patience is required for mounting but once the coins are properly fitted they will all be even across face and will not under normal handling come loose to rattle or turn. For a small fee we will mount coins. All coins are handled with gloves. All printing on holders is double imprinted with heat on gold foil to insure a perfect and permanent printing.

ANNOUNCEMENT TO THE SERIOUS COLLECTORS OF UNITED STATES GOLD COINS

We have recently acquired two substantial collections. These include all denominations from \$1.00 Gold through \$50.00.

Naturally they contain many, many of the scarce and elusive dates and mint marks which cost from \$100.00 to \$500.00.

Also included, however, are rarities which run from \$5000.00 to \$15,000.00.

We would be happy to receive your want list, and give it our prompt and careful attention.

Your inspection is invited, but inasmuch as all coins are kept in the vault of our bank, an appointment must be made.

We feel that here is a possible opportunity for you to fill some of the gaps that may have been vacant for quite some time.

It would be our pleasure if you would write us soon.

WANTED: A 1927-D \$20.00 Gold in brilliant uncirculated condition. WILL PAY \$4,000.00

The only book available on the subject of

THE UNITED STATES TRADE DOLLAR

America's Only Unwanted, Unhonored Coin

If you have a U. S. Trade Dollar in your collection, you should have a copy of this book in your library.

It is a fascinating history of the use of silver coinage in world trade, and why the United States, in the bonanza silver period of the 1870s, minted a special silver dollar actually called the Trade Dollar. Intended for use in the Orient, the coin was, for a time, legal tender in the United States. The subject of its redemption was a hot political issue until 1887.

A small number of copies of the Limited Edition, numbered and autographed, are now available at \$12.50 per copy, postpaid.

READ THE EXCELLENT REVIEWS THIS BOOK HAS RECEIVED!

"The literature of coin collecting in the United States is coming of age. Crosby, Carothers, Sheldon, Breen, Newman and now Willem have all made scholarly contributions to the literature of our authorized coinages. A surge of collector interest in trade dollars is now easily predictable, because the pleasures of collecting are so much enhanced by the story behind the coinage now available in Willem's *The United States Trade Dollar*."

— Raymond H. Williamson

"... truly astonishing work. Well printed, superbly produced. The author has every right to be proud of what is an important and much needed addition to American numismatic literature."

— J. Hunt Deacon, F.R.N.S.
The Numismatic Society
of South Australia

"A well compiled and informative work which should interest all serious students of American numismatics. . . . idea of book's magnitude gleaned from chapter headings."

— Quarterly,
American Numismatic Society

"A must in every coin collector's library."

— The Scrapbook

"The author of this book set out to gather all the facts about this strange chapter in our currency history and to present those facts in a final history. He has succeeded admirably. Rare photographs. Extraordinary volume of documents and contemporary records. John Willem undertook a very difficult task. He did a splendid job."

— Dr. Neil Carothers

"I can honestly say that I have learned more of the aspects and vagaries of U. S. coinage from your pages than from any other source that has met my eye. If the book does not take its place with the classics of numismatics, I miss my guess."

— G. R. L. Potter
Ottawa, Canada

"A book of this kind has a double appeal, both as a distinct contribution to the monetary history of the United States and as a numismatic work of the first water."

— The Numismatist

CUSTOMER COMMENTS:

"Of all the coin cleaners on the market, BRILLIANTIZE works best on my coins." — Springfield, Mass.

"I recently purchased 75 nickels that were found by a skin-diver friend of mine in Lake Erie; these coins were very dirty and coated with about 10 years of lime, etc. I cleaned most of them with BRILLIANTIZE and they are now in what I call Uncirculated condition, thanks to such a wonderful cleaner." — Buffalo, New York.

"I was very pleased with the first coin I cleaned with BRILLIANTIZE (all the rest, too, of course). It is the best cleaner I have ever used." — Georgia.

"I find it to be the best there is." — Omaha, Nebr.

"I have found this cleaner to be TOPS and am therefore enclosing my check in the amount of \$5.00 and asking that you forward me a large size kit." — Pennsylvania.

"I think BRILLIANTIZE is the best I have ever used and it does everything you promise." — Cleveland.

"My fellow coin club members and I in Pensacola have tried your BRILLIANTIZE coin cleaner with amazing results." — Florida.

Our free booklet on care and cleaning of coins is included in each kit. Among its authors is one California coin club president and also the late Burton Saxton who was a leader in the A.N.A.

MODERN FOREIGN COINS

More and more collectors are becoming "world minded" where their hobby is concerned.

Why not you? If you are bored, foreign coins can renew your interest. They cover such a broad field that you can collect what you want and spend what you want, ending up with something even a non-collector is interested in.

You might even learn some history, geography, and a smattering of foreign languages.

If you are throwing some side-glances in the direction of MODERN FOREIGN COINS, you will have the best possible start with my current price lists. No charge, of course.
